TRIVIA

Cousins: Baffled by cousinship? Here is a way to solve
the problem. If your common ancestor was a -

Grandparent--you are first cousins

Great-grandparent--you are second cousins

Great-great-grandparent--you are third cousins

Great-great-great-grandparent--you are fourth cousins

Great-great-great-great-grandparent--you are fifth cou-
sins.

If your father or mother was a third cousin to someone, then you
are that person's third cousin once removed, not his fourth
cousin.

BOER WAR VETERANS

Overshadowed historically by the First and Second World Wars the participation of New Brunswick natives in the Boer War in South Africa has largely been ignored. We are collecting biographical data concerning 500 men who enlisted in New Brunswick or natives of New Brunswick who enlisted elsewhere. Military lists have provided us with addresses, next of kin, etc. and newspaper obituaries have yielded considerable biographical and genealogical data. In addition to the biographies we are including as many photos of the veterans as possible, preferably at the time of enlistment. A narrative concerning New Brunswicker's experiences in South Africa ie. prisoners of war, enteric fever will include such details as name of their transport ship or institution in which they were hospitalized in South Africa and England. It is interesting to note that about 50% of those who served were from Saint John. Another 25% came from the Chatham-Newcastle area. New Brunswick natives recount their experiences in letters home at such famous events of the Siege of Ladysmith and Battle of Paardeberg. If you have any information concerning any South African War Veteran either a native of New Brunswick or having enlisted in New Brunswick. Please write: Daniel F. Johnson, P.O. Box 2387, Saint John, N.B. E2L 3V6.

From the Sackville (N.B.) Town Book

The following copy has been made from a transcript of the Sackville Town Book pg. 92-111. The same being held in the Archives at Mount Allison University in Sackville, N. B. It has been copied as accurately as possible but due to the similarity of some letters there may be errors in interpretation. If more information is necessary please refer to P.A.C. Micro # 5331

Looking forward to 1986, members of the Olmste(a)d Family Association reunion organizing committee, chaired by Richard and Pauline Olmsted of Wilton, CT are formulating plans for an international Reunion to celebrate the 350th anniversary of a significant milestone in the history of the family, the settling of Hartford, CT in 1636.

The Association, organized at the first reunion in Hartford on Jan. 2, 1911, was discontinued in the 1950's but reformed in the early 1970's. There are presently over 420 families in the OFA including Omstead and Umstead, spanning the United States and Canada.

First published in 1912, now with six supplements in the 1979 edition, the 'Genealogy of the Olmsted Family in America' relates that the Puritan James (then 42), his two sons Nicholas and Nehemiah, two nephews Richard and John and their sister Rebecca, together with 117 others (including 50 children), "arrived on the ship LYON (Capt. Pierce) in Boston, Mass. on the Lord's Day, Sept. 16, 1632 after a voyage of 12 weeks from Braintree, England".

Settling first Mount Wollaston (now Quincy, Mass.), then Cambridge, Mass. (where a recent archaeological dig has uncovered the foundation of James' home under Harvard's Wadsworth Gate), the pilgrims, "strained for room, decided to examine the lands along the Connecticut River, then called the Fresh River".

According to the 'Genealogy', "On the 31st of May, 1636 the Reverend Thomas Hooker and his entire flock of about 100 souls took their departure from Newtown (Cambridge). They were a fortnight on their way through the wilderness and "James Olmsted was one of the original proprietors of Hartford" being one of the first settlers of the town.

In 1651, Richard with the assent of the General Assembly of the Colony and on behalf of other inhabitants of Hartford, would "plant" with Nathaniel Ely the towne of "Norwalke" after purchase of the land from Roger Ludlow and the Indians for 15 pounds sterling and additional considerations, viz: "seventeen Indian coates, thirtie fowre fathom of wampum, tenn kettles, tenn knives, tenn hookes, twenty pipes, tenn muckes (muskets?) and tenn needles.

In 1726, Richard's great grandson Nathan would join 30 other original Norwalkers in petitioning the "General Assembly of His Majesties Colony of Connecticut convened in Hartford" ...to "give us the Name of Wilton Parish in Norwalk" -- Wilton then being known as the backwoods of Norwalk. Olmsteds were also among the early settlers of Redding and of Lewisboro, N.Y. as well as Danbury and Bethel.

Another major 'line', descended from James' uncle William (b. ca 1548) to Jabez of Ware, Mass. (b. ca 1690), numbers many hundreds in North America. Full documentation of the history of their arrival in America is a major research project of the OFA.

Family plans to gather at the University of Hartford from July 10-13, 1986 include participation with the City of Hartford which has invited the family to join it's "JUBILEE 350", a year long celebration of it's founding, commencing September 1985.

Other plans of the Assoc. include a group tour to visit the moated, ancestral Olmsted Hall (used as an ancient court) in Cambridgeshire, England (then Essex). According to Morant's History of Essex, it was held by Maurice de Olmstede in the 28th year of the reign of Henry III (1242) and by Martin de Olmstede before him. Active research is attempting to determine if it might date as far back or further than 1086, the earliest mention of the name Almsteda (Elmsted or Olmsted) in the "Domesday Book" for the county of Essex, in the first property survey made under William the Conqueror. The Hall is presently owned and occupied by the Kiddy family who have farmed it's 260 acres for several generations.

All descendants of Olmste(a)ds and allied families are invited to attend the Reunion.

OFA membership details are available from the Secretary, Mrs. Edward (Marty) Olmstead, 1153 Thomas Avenue, St. Paul, MN 55104

OFA News Release

LOYALIST ISAAC BOSTWICK (continued)

compiled by Sharon Dubeau

JARED BOSTWICK was born 3 November 1794, Kingston Parish, Kings Co. He married Mary Merritt Adams of Westfield Parish, Kings Co. on 4 February 1828. The marriage was witnessed by Michael Lowrey and Samuel Huiet at Greenwich. Jared's name is spelled Jerod in this marriage record. (In the documents pertaining to the administration of his father's estate, it appears as Gerard.) His wife Mary was born about 1807 and baptised at Kingston, NB, on 9 August, 1829. On that same day, Elizabeth and Abigail, adult daughters of Samuel & Margaret Adams were also baptised. Thus, I have assumed that Samuel & Margaret Adams were probably the parents of Mary. As well, Jared and Mary's first child was named Isaac Samuel - which was probably a composite of the names of their fathers. A widow Margaret Adams (born around 1788) lived in Greenwich Parish, Kings Co. in 1851. Mary Bostwick died 6 December 1851 and is buried in Trinity Anglican Cemetery. The records of Trinity Anglican Churchyard, Kingston put Jared's death date as 4 December 1857. However, his will was dated 6 September 1858, so he likely died in 1858. Since both Jared Bostwick and his wife Mary died before 1858, three young children were left without parents. Their eldest child was 29, the youngest only 10. Jared made provisions in his will for these three children: Thomas was to stay with his Uncle & Aunt Prince (Jared's sister Ann Prince) until he came of age; James was to live with his Uncle & Aunt Mason (likely sister to Mary) until he was 14 years old, and then he was to be put to such a trade as he chose; and Martha was to remain with her Grandmother (must be Adams). Mary & Jared Bostwick had nine children, and lived in Kingston Parish, where Jared was a Farmer.⁴⁴

i) Isaac Samuel Bostwick born 8 December 1829, Kingston Parish, and baptised there 21 March 1830. He did not live with his parents in the 1851 Kingston Census, but was mentioned in his father's will of 1858. He died before 1915.

ii) Isabella Bostwick was baptised 29 May 1832 (b. 27 May 1832) at Kingston. She probably died at Greenwich Parish, 20 September, 1832.

iii) Charles Merritt Bostwick was baptised 26 January 1834 (born 25 June 1833) at Kingston. According to R. P. Gorham (Kingston Loyalists manuscript): "He went to Saint John and entered a mercantile establishment as clerk. In 1865, he opened a business house of his own on Water Street where he conducted for years a wholesale grocery business. He also became an extensive lumber dealer and real estate owner." As well he was the owner of the Dufferin Hotel in Saint John. Charles married Mary O'Donnell, 6 August 1867 at Amherst, Nova Scotia. Mary was born at Amherst, 26 December 1836. In the 1871 Directory for New Brunswick, Charles is listed as a provision merchant, Saint John. Charles died 24 May 1919; Mary died 9 July 1904. Both are buried in Fernhill Cemetery, Saint John. They had three children:⁴⁵

- a) Charles Merritt Bostwick born 23 March 1870 in Saint John, educated in Germany and subsequently engaged in business with his father. Charles married Helen M. _____, and died _____ around February, 1917. Charles and Helen had two children: 1. Charles Munson Bostwick, born after 1898; 2. Donald Embree Jarvis Bostwick, born after 1898, who lived in Moncton, NB in 1947.⁴⁶

{Over}

Prior to 1754 there was no law requiring a civil or religious marriage anywhere in Great Britain. Man and woman could stand before two witnesses and declare themselves husband and wife. This was considered a legal and binding marriage. In most cases, some sort of certificate was given, there being no legal need for a record to be kept.

Frank Gorham was the proprietor of a tailoring shop in Indiantown (west Saint John) for many years and later entered the meat business and worked for a number of years as a butcher. Frank Gorham died 22 March 1952 at Harding's Point. Willmina died 12 April 1959 at Saint John. Both are buried in Fernhill Cemetery, Saint John. Frank and Willmina Gorham had seven children: 1. UNREADABLE TOMBSTONES -- To read worn tombstones, try using spray can shaving cream. -- Spray on lots of shaving cream and then squeeze the excess off the face of the stone. Even on light colored stones, the shaving cream really stands out.
