SURNAME INDEX

Gwen Barras

Vol. 4 / Nb. 2

PREFACE

The Southwest Louisiana Genealogical Society presents its second Surname Index with the hope that this genealogical tool will help researchers working on the same surname find each other and share their information.

The varied heritage of the members of the SWLGS reflects the history of our state and nation. Family connections in many states and countries add variety and interest to our backgrounds.

Indians inhabited Louisiana since pre-historic times, and although their descendants are numerous, very few are of pure Indian heritage. Spanish explorers under deSoto reached Louisiana as early as 1540 and Louisiana became a Spanish Colony. By the middle and late 1600's French Canadian explorers and settlers and colonists from France established dominion over the area.

The eighteenth century brought a greater variety of settlers to Louisiana. Germans from the Rhineland and German-speaking cantons of Switzerland, escaping the wars that were ravaging Europe and lured by the promise of plentiful, fertile land, arrived and settled in such large numbers on the banks of the Mississippi that the area became known as the German Coast. Colonists from the Canary Islands settled along Bayou Lafourche and settlers from Malaga, Spain established New Iberia. French refugees and their slaves fleeing from insurrection on Santa Domingo came to Louisiana. Italians, Irish, Mexicans and English also came. By special arrangement with the Spanish Government, American veterans of the Revolutionary War were granted bounty lands in Louisiana. Slaves were brought from Africa.

The group of immigrants who had the most influence over the culture and customs of Southwest Louisiana were the Acadians. These ill-fated immigrants were expelled from their homes in Nova Scotia in 1755 and after many trials and tribulations began arriving as early as 1756 in St. James Parish. Others sent to England, France or the colonies, did not arrive until many years later. The Acadians settled mostly in the bayou areas of Southwest Louisiana, influencing the language, customs, cuisine and religion of the region. Their descendants constitute a large part of the population of Southwest Louisiana.

After the Louisiana Purchase of 1803, the westward bound trickle of immigrants, most of them Anglo-American, increased to a steady stream. Many of these settled in Louisiana. Ante-bellum Louisiana had a population of about half black, half white. After the War Between the States, the white population increased as settlers from the North and immigrants from Europe poured into Louisiana, seeking cheap fertile land and jobs with the newly developing railroads and lumbering industry. During and after World Wars I and II, workers came to Louisiana from all parts of the country to man the plants and factories of the newly-industrialized South. Such a wide variety of people and backgrounds help to make our state and its inhabitants unique.

We dedicate our Surname Index, Volume II, to all our members, past and present, who have helped make the SWLGS a success. We gratefully acknowledge the letters, interest and encouragement we have received and the many new friends we have made.

Happy Ancestor Hunting!

To use the Surname Index, refer to the surname you are researching. The surnames are listed alphabetically, and the number following the name refers to the member who is researching that surname. Each member has a permanent number. The names and addresses of the members are listed in numerical order on pages 1 through 5. Surnames begin on page 6.

It is quite impossible to handle such a large volume of information without error. Please notify the SWLGS in writing of any errors or omissions, so that corrections can be made.

Southwest Louisiana Genealogical
Society
P. O. Box 5652
Lake Charles, La. 70606

The Southwest Louisiana Genealogical Society was formed in 1973 to promote interest in genealogy and to assist its members in genealogical research and historical study. It is our purpose to collect, preserve and make available materials on family histories and records, especially those of Southwest Louisiana. We maintain an index and file containing family charts and records of our members at the Calcasieu Parish Library, 411 Pujo Street, Lake Charles. All members are urged to contribute as much information as possible to help others in their research.

The SWLGS publishes a quarterly newsletter, entitled "Kinfolks," which contains original research, unpublished records, library acquisitions, announcements, research aides, information of the area, and queries. The 1980 Surname Index will be considered the second issue of our quarterly publications.

The newsletters and Surname Index are distributed free with membership to the SWLGS. The Surname Index is available for sale to non-members for \$4.00 per copy, plus 50¢ mailing charge.

Membership to the SWLGS is open to those interested in promoting the objectives of the society. Dues for 1980 are \$5.00 for a single membership and \$7.50 for family membership. A special "Patron Membership" is available for \$15.00 per year for those wishing to help alleviate the financial problems of the society.

Meetings are held at 10:00 A.M. on the third Saturday of January, March, May, July, September and November at the Calcasieu Parish Health Unit, corner of Kirkman Street and Prien Lake Road, Lake Charles. Workshops to aid beginning researchers are held on the first Saturday and third Thursday of each month at the Calcasieu Parish Library, 411 Pujo Street.

Incoming officers of the SWLGS for 1980 are:

President.....Mr. J. H. Iglehart
Vice-President.....Mr. Gerry McMahon
President-Elect.....Mr. Victor Scalisi
Recording Secretary.....Miss Betty Henry
Corresponding Secretary.....Mrs. Yvonne Guidroz
Treasurer.....Mr. Victor Scalisi
