Happy New Year!!

I hope that all of you had a wonderful holiday season spending time with family and friends. Perhaps you were lucky enough to spend some time with family members who were able to give you clues on that elusive ancestor who has been your brick wall for what seems forever!!

On 28 November 2012, a group of Marquette County Genealogical Society members met at the Peter White Public Library to decorate our Christmas tree for the "Winter Wonderland" display. ROSEMARY MICHELIN requested that "our" tree be located near the genealogy section at the library. If you weren't able to participate this time perhaps we could have another tree in 2013. I would like to believe that all the members that took part had a great time, shared some laughs and great camaraderie. I would like to thank all who gave up time in their busy schedules to help decorate what was the best looking tree there!! (Although I may be slightly biased!) The participating elves were;

UPDATE

In the previous edition of our newsletter of October 2012, an article was written regarding an antique photo album which was purchased at a local yard sale. The editor of this newsletter is pleased to announce that this treasure has been reunited with family members. Also I would very much like to thank MARGUERITE "Midge" WATERS for her help in this endeavor, without your knowledge of Negaunee and its citizens the quest would have taken much longer.

PROGRAM FROM 17 OCTOBER 2012

Tonight our program consisted of viewing a film on the "Family History Library Catalog", yes I know it probably was an outdated format, but it was a great review for most of the attendees. To let you know how old this film was, the FHLC was on Microfiche... how many of you remember using those? The catalog is divided into 4 main categories; Surname, Locality, Subject, Author and Title. The *Surname* category is arranged by name alphabetically. The *Locality* is about places and locations. The *Subject* is listed by topics. And finally the *Author and Title* is the best place to search if you know the author and title of the subject that you are searching for.

GENEALOGY LOCK-IN

The Marquette County Genealogy Society, along with Peter White Public Library and the Onagominkway Chapter of the National Society of the Daughters of the American Revolution, sponsored the third annual genealogy "lock-in" on Friday, 22 October 2012 after hours at the library. The 38 persons attending the event included 18 interested genealogists, 13 Marquette County Genealogy Society volunteers and 7 others.

Members of the Peter White Public Library staff instructed attendees on the use of *Ancestry.com*, *Heritage Quest*, (available at many other libraries, some even allow for remote access) *Sanborn Maps* (originally created to assess fire insurance liabilities in the city), *Familysearch.org* and *Seekingmichigan.org* in the computer lab, then allowed attendees to "do their own thing" using the assistance of the volunteers and the PWPL materials, such as Polk Directories and newspaper microfilm. The Marquette County Genealogy Society book collection proved very helpful to those looking for their French Canadian heritage information.

Refreshments of deliciousness were provided by the three sponsoring groups and the Marquette Baking Company. Thanks to all Marquette County Genealogy Society members for making this another memorable night in genealogy land. See you in October!

14 NOVEMBER 2012

Our November meeting date was changed because of the Thanksgiving eve holiday falling on the third Wednesday of November. ROSEMARY MICHELIN wanted to bring back an activity that the society did a number of years ago, which was to make "ancestor ornaments" for our Christmas tree. Even though the attendance to this meeting was small, it proved to be very industrious. The following members; MARY CONRAD, KAY ELZINGA, LAURIE JOHNSON, PEGGY LETVENOW, NORMA MILLER, FLORENCE OLIVIER, MARY TURVEY, MARGUERITE "Midge" WATERS, JUDY WEBB and SHERRY WOODWORTH made Christmas tree ornaments, using pictures of their ancestors for display on the annual Peter White Public Library's "Winter Wonderland Walk". Our theme this year was "Shining Memories".

19 DECEMBER 2012

Our annual "Christmas Bash"/December meeting was held at 6:00 p.m. at the Federated Women's Clubhouse, located at 104 West Ridge Street in Marquette. All the members and guests in attendance; JOAN BALL, DEAN & LAURIE JOHNSON, BILL & JOAN KAPELLER, MICHAEL LaTULIP, JOANNE McCREARY, NORMA MILLER, FLORENCE OLIVIER, DAN & MARY TURVEY, MARGUERITE "Midge" & CLIFF WATERS, BOB, JIM and JUDY WEBB, KAREN WERTANEN and GLENDA had a wonderful time and I must say that the highlight would have to be all of the delicious foods, especially MICHAEL LaTULIP's scrumptious turkey and all the wonderful desserts that were provided. Of course, the "genie" society party would not be complete without the traditional "crazy bingo". The most popular gift had to be the Russell Stover's chocolates. I think these chocolates were at every single table at least once...so the award for "highly prized" goes to NORMA MILLER for bringing the most popular gift! Also the attendees were requested to bring an unwrapped gift for a teenager that is then donated to the Mining Journal Cheer Club for local distribution. 16 JANUARY 2013

Our program tonight is a VHS tape called "The Mystery of Easter Island", filmed by JOY & LEE PENNINGTON. The PENNINGTONS travelled to the Easter Islands to film the statues called maoi. The native islanders carved and erected stone statues that weighed several tons and were moved over rough terrain, yet never damaging them. The mystery deepens as to why these stone monoliths were built, their purpose and why the sculptors stopped working suddenly; leaving the statues in various stages of completion.

ENGLAND'S MARRIAGE CERTIFICATES EXPLAINED

What is the difference between a church marriage certificate and a General Record Office (GRO) certificate?

1. The vicar of a parish sends copies of the marriage register entries to the local Register Office where they are copied into the local register.
2. The details are forwarded by the local Register Office to the GRO where they are used to compile a national marriage index. These are the indexes available on websites such as FreeBMD and Ancestry.
3. Marriage records are done in duplicate at the time of the marriage, one goes to the GRO and the other is kept locally.
4. The GRO clerks enter the information into the GRO records, hence the reason why many marriage records show errors, the information is a transcription of a record.
5. When you order a marriage record from the GRO, you will never have the original signatures, as staff members will print a copy from the original transcript, therefore it is a transcript of a transcript of a transcript!
6. Before civil registration in 1837, the only source of information would have been from the church or the chapel record.

COULD YOU PASS THE UNITED STATES CITIZENSHIP TEST?

Could you pass a US citizenship test? Could you have qualified if you weren't born here? You probably have several ancestors who became naturalized citizens. American citizenship bestows the right to vote, improves the likelihood of family members living in other countries to come and live in the USA, gives eligibility for federal jobs, and can be a way to demonstrate loyalty to the US. Applicants must get 6 answers out of 10 in an oral exam to pass the test. According to US citizenship and immigration services, 92% of applicants pass this test.

No, this isn't the test....but you can find a copy at <<http://gbo.gl/dNOF3>>

Federal Building, Marquette, Mich.

14929

THE FEDERAL BUILDING

The Federal Building, also known as the Customs House, was completed in 1889. Located on the northwest corner of Washington and Third Streets in Marquette. This building housed the customs collectors, internal revenue, inspectors, and signal officers (precursor to today's Weather Bureau). The tower was 88 feet tall and the roof was made of copper. The post office was on the first floor along with other governmental agencies on the upper levels. It was the first government building built in the Upper Peninsula.

The building was in use until 1935, when it was determined that it was too overcrowded and remodeling it would be too costly. The building was razed to make room for a larger and more modern facility.

HENRY RIVERS

Henry Rivers was born 10 May 1839 near Jay, Essex County, New York, the son of JOSEPH RIVERS and wife JULIA. Henry came to Marquette County when he was 14 years old with his mother Julia, and brothers Joseph and John. He and his family boarded a boat at Lake Champlain and journeyed to Schenectady, New York, then onto Buffalo, New York, to Detroit, Michigan, then to Sault Sainte Marie, Michigan and finally to Marquette.

When Henry was 15 years old he started working for the Marquette, Houghton and Ontonagon Railroad (later the Duluth, South Shore and Atlantic Railroad) as a water boy with a starting salary of \$20.00 per month!

Henry saw many changes in Marquette, when he landed here about 1853; the city of Marquette was nothing more than a few houses in a sea of trees. It is hard to believe that in such a short period of time, Marquette now has roads and plenty of housing.

In the 1850's or 60's there was a cemetery located on Washington Street near the Washington Electric Shop located near the freight depot. The cemetery was moved to the block at the end of Ridge and Arch Streets. It was located there for a few years and then moved to the location of the county infirmary.

Henry's wife ANNA TUGGEY, born 20 March 1851, daughter of GEORGE TUGGEY of Windsor, Essex County, Ontario, Canada were married about 1864. Their first child, a daughter named MARY born about 1865 in Marquette and married OCTAVE AYOTTE on 18 April 1893 in Marquette. MARY died on 17 December 1942 and OCTAVE died on 16 September 1940, they are both interred at Holy Cross Cemetery in Marquette. HENRY and ANNA's second child; a son, CHARLES H., was born about 1867 and married NELLIE BRUSSEAU on 03 March 1908 in Marquette; CHARLES died on 23 February 1936, NELLIE died on 15 March 1934 and they are interred at Holy Cross Cemetery. Their third child, a son, GEORGE was born about 1869. JOHN A. born about 1873 and married MINNIE about 1895, John died in Wisconsin in 1942; Minnie died in 1936 in Wisconsin. Their daughter, ANNA C. was born about 1876 and married HARRY WHEELER on 15 June 1904 in Marquette. Another daughter, AGNES was born about 1878 in Marquette married DANIEL QUINLAN on 23 August 1911 in Marquette. Daniel died on 21 June 1923 and AGNES married again, this time to PETER REMORTEL on 25 June 1925 in Negaunee. PETER died 11 January 1945 and is interred in Holy Cross Cemetery. AGNES remarried for the third time to Mr. POMEROY and she died November of 1964, Agnes is also interred in Holy Cross Cemetery in Marquette, in the RIVERS family plot.

In 1908 Henry bought property located at 428 West Washington Street where he had a small confectionary store. ANNA TUGGEY RIVERS died on 10 December 1908 in Marquette and Henry died 29 May 1932 in Marquette. They are both interred at Holy Cross Cemetery in Marquette.

LAKE MICHIGAMME TRAGEDY

Four prominent young men of this village, GEORGE W. LEVIN, ABEL LEVIN, EMIL CARLSON and ALBIN CARLSON, were drowned in Lake Michigamme. The men crossed the lake early in the day in two boats, the LEVIN brothers in one and the CARLSON brothers in the other. A storm came up and the party started home in one boat, which is supposed, capsized. A search party was out all night, but no trace of the bodies nor of the boat could be found. Volume 26, Issue #2

Spring greetings!

I am looking at my calendar and it tells me that it is mid April and according to said calendar it is supposed to be spring. Call me a skeptic but I just don't see it! The last storm dropped anywhere between 6 and 12 inches on us and now that most of the streets are clear and the snow banks are finally low enough to see over them, we are in the crosshairs for another storm which may dump anywhere from 8 inches to 2 feet on us. Are you listening Mother Nature....we don't want anymore snow! I despair that summer will ever make it to the northern regions of the United States.

Speaking of the northern regions, this year the Houghton/Hancock area will be teeming with visitors in honor of the annual FinnFest celebration and the Upper Peninsula History Conference which will be held the 4th and 5th weekends of June.

Perhaps on your way to the copper country, a short detour to Marquette County should definitely be in your plans. We have many resources available at the Peter White Public Library (2nd Floor) and two of our members; MARGUERITE "MIDGE" WATERS (our resident expert in Swedish genealogy) and SHERRY WOODWORTH (our resident expert in DAR research) are available on Tuesdays and Thursdays from 1:00-4:00 p.m.

As it is the "season" for family reunions and "get-togethers" it would be a shame not to take advantage of speaking to the matriarch and patriarchs of your particular "clan". It is incredible to listen to their stories and I find most people like talking about their past. Unfortunately without written or oral documentation, once the story tellers pass away those stories are forever lost.

I hope that everyone has a wonderful summer and that you are able to find the answers to your genealogy questions...see you in the fall!

ISHPEMING CEMETERY

Once again it is tombstone transcribing time! This will be our third summer working at the cemetery and we still have a long way to go until completion. If you can spare some free time we would love for you to join us. We will be working at the cemetery starting in June or early July. If you are interested in helping on this wonderful project, please call Rosemary Michelin at (906) 475-9308 or e-mail her @ WMichelin@Aol.com

PROGRAM FROM 20 FEBRUARY 2013

Our scheduled speaker was JAMES PAQUETTE, who was going to discuss tracing his French-Canadian and Native American ancestry. Unfortunately Mother Nature had different plans and decided that we needed more snow and a blizzard to rectify the water shortage. Perhaps we will be lucky enough to invite Mr. PAQUETTE (and he will accept) so that we can learn how research these people.

PROGRAM FROM 20 MARCH 2013

Our speaker was JAMES PAQUETTE, who very kindly agreed to come back to the society and present his February program. Mr. PAQUETTE who has worked on the Deer Lake Gorto Site in Ishpeming in 1987 has found many spear points and some are about 11,000 years old. In his explorations he was fortunate enough to find 4 brass Jesuit rings dating back to about 1650 found in Sands Township. He also has a keen interest in genealogy exploring his French-Canadian and Native American heritage. He found documents that proved that an entry in the PRDH was incorrect. With his research the PRDH now has the correct entry which shows his ancestress was the daughter of JEAN BAPTISTE REAUME and SIMPHOROSE OUAOUAGOUKOUÉ.

PROGRAM FROM 17 APRIL 2013

Our program was a collection of local history DVD's. The one we viewed was called "Lumberjack Life, Upper Peninsula Days of Lore", written by WILLIAM S. CROWE, and co-edited by his granddaughters; LYNN EMERICK and ANN WELLER. It told the story about life in a lumber camp from 1860-1914. Life was rough, lonely and the hours were long 6 a.m. until 6 p.m. The camps were far removed from hospitals and civilization. The lumber camps were in operation from fall to spring. Once the snow melted the camps usually closed down and the men would then work at a saw mill. The "boss" of the lumber camps would definitely have been the cooks. Some women were employed as "cooks" and they would feed the men breads, coffee cakes, pancakes, pies and other goods. Seating was assigned and the policy of "no talking" during meal time was strictly enforced.

THANK YOU

Thank you Marquette County Genealogical Society newsletter! In the February 2013 issue I discovered information about my father-in-law's grandfather that I have been looking years for. MATT JYLHA (previous edition had the spelling as JUHULA) was supposedly murdered by two other employees at a Negaunee mine in the 1910's. All that was found of him were bones in a freshly burnt building of the mine the next morning. I have never been able to get his death date from family members because this incident was so traumatic at the time, nothing was written down. I have spent many hours searching for any information on this event at the Negaunee Police Department, Perala Funeral Home, Negaunee Historical Society, Peter White Public Library, and archives at Northern Michigan University. In the Lake Superior Roots the information was in the excerpts from the Daily Mining Journal of 17 October 1912. Then with the perpetual calendar in the same newsletter, I was able to pinpoint MATT JYLHA's death date as 12 October 1912.

NEW WEBSITE LAUNCHED

Several new websites have been launched recently that hoped to replace the popular RAOGK (Random Acts of Genealogical Kindness) site that went offline last year, following the death of its founder, BRIDGETT SCHNEIDER. So far, none of these new sites have managed to attract a large crowd of enthusiastic volunteers. Still another site has recently been launched and this one could be the replacement for RAOGK.

The brand new group is lead by MARK RABIDEAU who did the organizing and programming. *GenerousGenealogists.com* is brand new and only has a handful of volunteers so far. However, the new site is inviting others to look at the site and, if interested, to join in. As you would expect, *GenerousGenealogists.com* provides services completely free of charge. Voluntary donations are appreciated, however. Donations may be made by Paypal.

I took a look at *GenerousGenealogists.com* and am impressed. To be sure, it is almost a skeleton at this moment. I didn't expect to find many volunteers listed and I was right. However, this site is well designed and looks like it could succeed. The site has discussion forums with separate sections for many different countries. Most of the sections are empty at this time. The web site also has a section for "Free Genealogy Coaching" that provides "how to" information about a number of topics.

I suspect there are a few bugs or "rough spots" in the *GenerousGenealogists.com* web site. You cannot reasonably expect it to be perfectly smooth and polished just yet. However, any such rough spots will get smoothed out as experience is gained.

For both accuracy and privacy reasons, the original RAOGK's volunteer database was not used. Even if you were listed on the old site, you will need to sign up on the new site as a volunteer.

I'd suggest you check out the new *GenerousGenealogists.com* and, if interested, add your name to those who have volunteered to help fellow genealogists. You can find the site at; <http://www.generousgenealogists.com>.

NEW NEWSLETTER!

"Family History Daily" seems worthwhile of a mention to genealogists who want to reach out...and how else will you learn?

You can find new articles, share your stories, and get some new information with others on the mailing list. Find new tips for conducting great research, using the census to uncover more details about your ancestors, as well as pension files, and other sources.

Be careful not to become too "ingrown" about your searches....one never knows where the next valuable tip will come from. Sometimes it will be from your own "old" files, which you have forgotten about. But in "weeding" my own files, handling each and every piece of paper, I have run across a bit of information that meant nothing to me at the time, but lit up my little brain with a hint that led to another branch of the family, just last month. Ask me about my new cousins!

In honor of Mother's Day I asked the attendees of the April meeting to write a memory about their mothers or grandmothers. I confess that they were not forewarned and they only had 5 minutes. The attendees seemed to enjoy telling something they remember about these special women in their lives.

I would like to thank the participants, whether willing or not to write a little story about their mothers or grandmothers. The vignettes are wonderful and I hope you enjoy them.

GRANDMOTHER BUSHIA

My grandmother learned how to cook, clean and bake from her mother. I especially enjoyed her date cookies.

ALICE ALLEN GASS

My maternal grandmother lived in Toledo, Ohio and I grew up in the Metro Detroit area so I didn't have as much contact as I would have liked. I do remember that my family would drive down to Toledo to celebrate Thanksgiving. Every year we would watch football games (especially the Detroit Lions) and watch them lose. My favorite part of Thanksgiving dinner was the delicious apple and "pumpkin" pies and chocolate chip cookies. My grandmother preferred to use others types of squashes (in place of the pumpkin) and we never knew the difference!

DELIA CHANDONAI HAINAULT

My maternal grandmother, DELIA CHANDONAI HAINAULT, was a wonderful lady. She grew up on a farm in Bootjack and moved to Lake Linden to be a "domestic helper" as a teen. She and my grandfather were the second couple married at St. Joseph Church in Lake Linden. They built a home in Hubbell where she gave birth to 14 children. Two babies died during the flu pandemic of 1918. She was a wonderful cook and baker and had a great sense of humor. My mom and I lived with Grandma and Grandpa when my dad was in the Navy. Grandma had 30+ grandchildren but she made you feel like her favorite.

NANCY WESTBROOKE HUBBELL

My mother, NANCY WESTBROOKE HUBBELL, was quite an outdoorswoman. She was born in Chicago in 1932 and as an only child, learned how to fish and hunt for birds and deer from my grandfather. At the age of 16 years, she became the Junior Michigan State Fly Casting Champion. I enjoy fishing and hunting today because of my mother.

MARIE JERRY IVES

My mother, MARIE JERRY IVES, was very particular about decorating her Christmas tree. Decorations just weren't put on the tree willy nilly. They had their place. Tinsel was put on one strand at a time...It was NEVER thrown on the tree! I thought she had the best looking tree.

ROSALIND BISSIG KAPELLER

I remember my mother-in-law, ROSALIND BISSIG KAPELLER, as a good woman. She told Bill if he loved me then she would be glad to have me in the family.

When Bill was overseas I lived with her and dad for the summer. She taught me how to drive an automobile. We had a great time shopping and trying on hats and going down the up escalator and up the down one.

She worked at Montgomery Ward most of her life, starting in Iron Mountain and then in Dearborn when dad was transferred with Ford Motor Company.

We got along great and I miss her...no more letters.

CORRINE CLEARY LABLUE

My mother, CORRINE CLEARY LABLUE, was a little ahead of her time in 1936, when not many women worked out of their homes. She and her sister, JOYCE CLEARY CHIRI went to Ann Arbor to Nursing School, and she stayed for 2 years. She became too lonesome for my dad, LOWELL LABLUE, and came back home. She married and raised 3 daughters and at the age of 47 went into private health care for a while, and then back into the hospital as a P.T. She stayed there until retirement, and then traveled around the country visiting her daughter and other relatives. She was very independent and raised her daughters to be the same. She was very loved by her family and they still remember silly things she said and did.

She was French and Irish, but said her dad said "Irish preferred". She was proud of her Irish heritage. A really good friend and great mom!

NINA LUTHER

My grandmother, NINA LUTHER, lived next door so we visited there often. She had a box in the kitchen with mini kitchen utensils for us to play with. She worked at the local school as a custodian and sometimes she would take me along to keep her company while she worked. There I would play with school items such as puzzles and books while she cleaned each one-room school house. She had a large garden and loved to cook. One of my favorite items was her homemade raspberry shortcake. She lived at home alone until the last 2 months of her life and died at the age of 94 years.

OLIVE LABLUE PARKER

My mother, OLIVE LABLUE PARKER, was a very pleasant person, loved by all who knew her. She once told me "if you can't say anything nice about someone don't say anything". Good words to live by. My mom was a wonderful cook and made the best pasties. Everyone said she should sell them so she opened her own café in January 1964 called Parker's South Side, located at 205 West Hampton in Marquette. She never raised her voice or hand to any of her 6 kids.

I am the director of the Slovenian Women's Union (SWU) Scholarship Foundation which Grandma Marie organized in 1949. It has awarded scholarships annually since then. EVELYN DUPRAS RASMUSSEN

My mother, EVELYN DUPRAS RASMUSSEN, was 4 feet 10 inches tall and when she started to get shorter in middle age she was mad that she never finished growing. Being so short never stopped her from being tough, but mushy. She liked to cuddle. She made great pasties and hermit cookies.

She used to hang clothes out like every other mother and I remember how sore her hands looked on wash day. She was glad for a dryer. I think she got along with everyone.

ALICE VADNAIS SWENOR

My maternal grandmother, ALICE VADNAIS SWENOR, gave birth to 13 children and had to become a good cook, although my memories of her had to do more with baking. At Christmas time (her favorite holiday) she would make dozens of Mince Meat pies. I can remember when I was about 14 years of age; I asked her if she would show me her secret to making flaky pie crust. I got out my little notebook, preparing to take notes and "the look" that I got quashed that idea. She never measured any ingredients. I can remember her words "just feel and you will know". Easy words for her to say as I think my first attempts could have patched the roads in Marquette County.

TILDA HILTUNEN WAYRYNEN

My grandmother, TILDA HILTUNEN WAYRYNEN, immigrated to America in 1905 and married my grandfather in 1906. My mother was born in 1909 (one of 11 children). When she and my dad married they moved right across the street from her parents. Grandma died when I was only 15, but I have vivid memories because I spent a lot of time with her. She was very strict and kept a spotless house. She discouraged many things I did or wanted to do—dating, makeup or playing cards. She was a typical old country Finn and never spoke English but she understood everything I said. She was not an affectionate person but I never doubted the love she had for me and my brothers. She died unexpectedly at age 67 and I missed her terribly.

St. Mary's Hospital, Marquette, Mich.

ST. MARY'S HOSPITAL

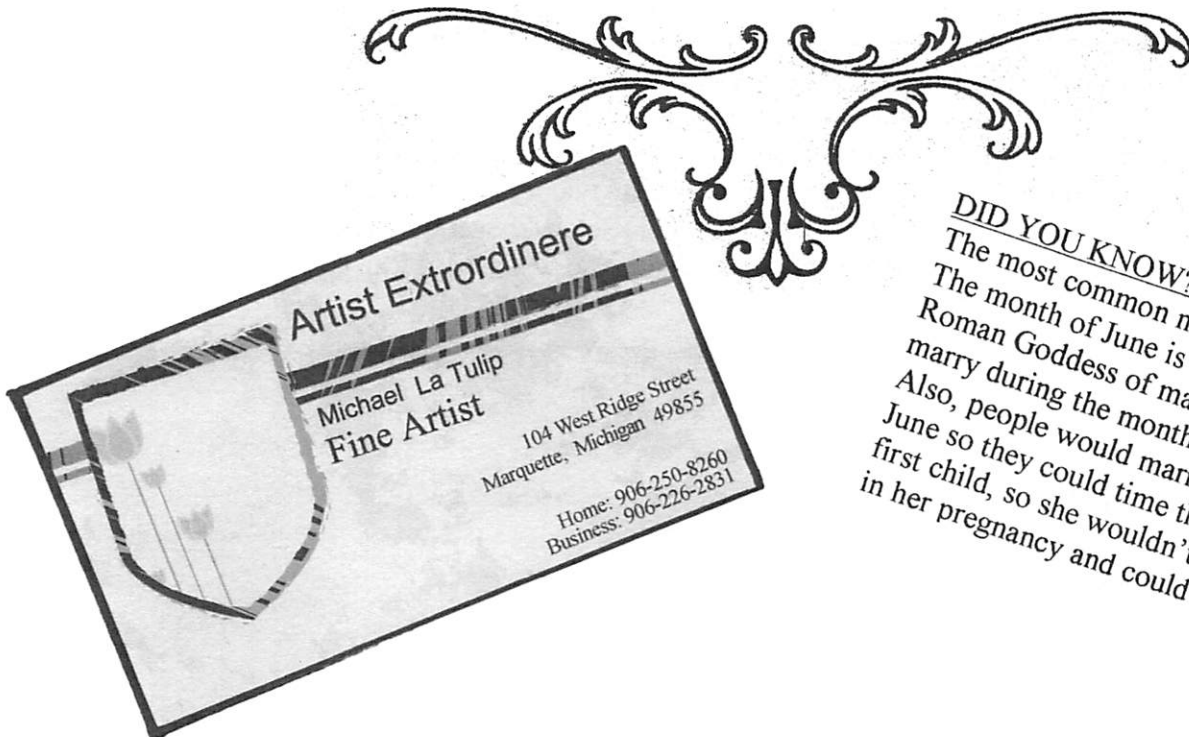

From its humble beginnings St. Mary's Hospital of Marquette, Michigan was originally located in numerous dwellings scattered around Marquette city. This was a typical arrangement until the Typhoid epidemic of 1890. The epidemic forced Marquette to put their ill citizens in tents that were erected as hospitals.

Dr. A. K. THIELL, the first chief surgeon, a noted and respected physician throughout the Upper Peninsula, Chicago and Milwaukee started making plans to commission a new state of the art facility. Construction started in 1891 and the facility was dedicated in October of that year. The building was located on the southwest corner of Fisher and Fifth Streets at a cost of \$30,000. The south wing was built in 1891 and in 1905 the north wing was added.

The hospital was operated by the "sisters of the Third Order of St. Francis", a sisterhood founded in Westphalia, Germany and dedicated to the care of the sick and wounded. Sister THEKLA, Mother Superior was the first Superintendent of St. Mary's. In the first year of operation 456 patients were admitted to the hospital.

St. Mary's was built with solid brick with Marquette brownstone trimmings to resemble the famous Harper Hospital in Detroit. This grand structure was in use until the mid 1950's when it was torn down to make room for a "new" structure. The new building was also called St. Mary's and remained as a hospital until the 1980's. In the 1980's it was reutilized for use as the Dominic J. Jacobetti Home for Veterans.

Autumn Greetings!

The last time I wrote I was anxiously awaiting the arrival of spring and then summer...well I am still waiting for summer to get here. I guess that shows that Mother Nature definitely has a sense of humor!

Do you remember when you first started your genealogy journey, how excited you were when you were able to find a relative/ancestor's birth, marriage or death record? This summer I was able to help a distant relative find out what happened to her great grandmother. Family lore said that this woman just left her family for no apparent reason. While looking through newspapers my relative found a curious notice in the classified section terminating the parental rights of her great grandmother and great grandfather! She was also able to ascertain that her great grandparents were committed to a sanitarium. Since those records are apparently sealed forever, the reason for the committals may never be known. My relative did find out that the eight children were primarily raised by a spinster aunt and a bachelor uncle. As a side note, if you have any ideas on how, if possible to get copies of those records please let the editor know, so that she can pass on the information.

Which leads me to another thought, how many of you in the course of researching your genealogy found stories that you heard were indeed embellishments, denials or just plain unbelievable? One day while I was riding my bike through a local cemetery, I came across three women who were looking at a headstone with puzzled looks on their faces. My curiosity got the better of me and I asked if they needed any help...and what I found out surprised me. The story was this fellow who worked for a railroad (I didn't ask and they didn't tell) had three other families all at the same time. I asked how they knew it was the same man and the reply was he had a son named after him from each woman!

I hope that your genealogy research finds you many clues to break down your brick walls and I hope that everyone has a safe and happy holiday season. See you in 2014!

ISHPEMING CEMETERY

Would you believe that this is our third summer transcribing the Ishpeming cemetery? While we are making wonderful progress, we still have a ways to go before we can call this project finished. Our program was held on the campus of Northern Michigan University in the Archives Room, located on the lower level of the EDGAR C. HARDEN Learning Resources Center (LRC). This event was hosted by the University Archivist, MARCUS ROBYNS. He has spent the last 16 years gathering, collecting and archiving information regarding the historical documents of the Upper Peninsula. He discussed their holdings which include, but is not limited to L.A. CHASE interviews, Cleveland Cliff's Iron Company historical records, Native American census records, and payroll records for various mining companies, Red Dust Oral History Project (Western Marquette County), St. Paul's Episcopal Church records (Marquette), Congressman BART STUPAK papers and JOHN VOELKER papers. NMU Archives is a repository for the central Upper Peninsula, which includes the counties of Alger, Delta, Dickinson, Marquette and Menominee. If you would like further information, please visit their website @ www.nmu.edu/archives

PROGRAM FROM 18 SEPTEMBER 2013

JOAN BALL presented our program and we really had to put our thinking caps on. We were subjected to a genealogy quiz (45) questions and some of the questions were quite challenging and really made you think about the answers. It is a good thing that she included easy questions which made everyone feel as though they were experts in the field of genealogy! It was quite a departure from our usual meetings and I think most of the attendees had a wonderful time. Also a special thank you to MICHAEL LATULIP for providing the rye bread with the spinach dip along with the apple and raspberry coffee cakes...as usual they were delicious.

OBITUARY INDEX

KAY ELZINGA reports that the Marquette Mining Journal obituary index is current to August 2013.

The shirts are forest green with white lettering with our logo on the front. The sales of the shirts help provide funds for our society to buy more genealogy related materials. If you are looking for a great Christmas present for your family members, perhaps a t-shirt will do!

WHAT DO YOU KNOW?

About the Allen County Public Library? That it is one of the best sources of information about genealogical research.

Those of you who want to do serious work on your family tree, or would like to know more about genealogy in general, this is a good place to start.

You can access the library physically, by taking a field trip to Indiana (lots closer and less expensive than Salt Lake City and doing your own personal research on the spot, or you can go to their website, from which you can vary your studies in many ways.

Those of you who may be new to family tree research may not have known about this great institution, and its extensive collection. Sample the blogs, the book talks, search the catalog and the message boards among other interesting topics.

THE 1921 CANADIAN CENSUS IS RELEASED

According to the Library and Archives Canada (LAC) website the 1921 Canadian census has been released on 08 August 2013 to the public for viewing. Although the census has not yet been indexed, if you know where your Canadian ancestors lived this is a wonderful resource. Access is FREE through Ancestry.com or Ancestry.ca. For free access please visit <http://www.ancestry.ca/cs/ca/census>

THE GENIE PICNIC

It was another sweltering (one of the very few) summer day in Marquette for our annual picnic, which was held at Presque Isle Park on Wednesday 17 July 2013 at 6:00. Even though our usual spot (pavilion by the lake) was already occupied the pavilion next to the island store was available and Mother Nature allowed us to set up all the food before she decided to open up the clouds and let the sky dump barrels of water upon us. The food and company was fantastic and a good time was held by all those in attendance. The attendees were; JOAN BALL, LAURIE BASHAW, DEAN JOHNSON, LAURIE JOHNSON, BILL KAPELLER, JOAN KAPELLER, MICHAEL LaTULIP, PEGGY LETVENOW, FLORENCE OLIVIER, CLIFFORD WATERS, MARGUERITE "Midge" WATERS, BOB WEBB and JUDY WEBB.

DOCUMENTING DEATH: DEATH CERTIFICATES RIGHT OR WRONG

By 1900, the United States started maintaining vital records for statistical purposes and by 1930 all states were collecting mortality data. This data was used to determine if anything could be done differently to stop fatalities from occurring during preventable causes.

The data that is collected is then used by the states, governments and scientists. States use the compiled data to make life safer, governments use statistics to determine how much money they will spend on making life safer for its citizens; and researchers use it to determine scientific probabilities.

Death certificates are probably by far the most important legal document. This is the only legal proof that someone has died and states use this information to stop pension payments, the federal government use it to stop Social Security payments. Families use it to settle affairs of their loved ones.

There was no such thing as a “standard form” until after the 1920’s. The data collected on death certificates would vary from state to state; some states had better records while others only had minimal information stating a cause of death. It wasn’t until a form crafted by the Center for Disease Control (CDC) called the “United States Standard Death Certificate” came into existence that most death certificates follow the same format.

The most valuable or important portion of the death certificate is the cause and manner of death; it is also the most error prone portion. Be wary if you see these terms on death certificates; “*cardiac arrest*” and “*natural causes*” it usually means that the physician could not determine cause of death. The term “*natural causes*” which is neither specific nor helpful...just another way of saying the cause of death could not be determined. Another default term that was used “*coronary heart disease*”, another catchall disease when no other cause could be determined, or the deceased had so many other ailments that one disease could not be listed as the primary cause of death.

20% of all death certificates are signed by a Coroner or a Medical Examiner, although this varies state to state. Death certificates must be recorded by the local health departments within 72 hours and the state 5-7 days. In some instances where an autopsy is performed the Medical Examiner or Coroner can issue a temporary death certificate pending results from the autopsy or a suspicious death. In 2013 less than 5% of all deaths involve an autopsy.

Funeral directors must get the correct physician’s signature on the death certificate. Without a signature the funeral director cannot prepare for a funeral or cremation. In most states a family member cannot bury or cremate a loved one until the certificate is signed. Without the signed affidavit, family members may not have access to financial records, bank accounts and insurance payments.

ORGANIZING YOUR GENEALOGY

If you are like most of us, and if you have “piles of files” stacked everywhere; and while you may have an idea of where a particular document is...do you know exactly where it is? After searching fruitlessly for a couple of hours for a document that I knew I had somewhere, I made a decision that I was tired of spending so much time looking for documentation that I had “somewhere” so I started to try and organize my mess. As Rome wasn’t built in a day...the mess will not be organized in a day...or in a week...or maybe even a few months but one day it will get done.

The first thing that **SHOULD** be done is to create a filing system that is easy to understand and maintain. Maybe you want to sort all your files according to surname (which generally works unless you are dealing with the same name, but different lines). Different color binders or folders are an excellent way to distinguish family lines...although at some point you may run out of colors.

When I first started my genealogy journey, I would write notes on anything writable, including napkins, paper towels, envelopes and receipts. Not a very organized system to be sure and I am certain that some notes are long gone...perhaps with the very information that could help tear down some brick walls. Now I write all my notes on standard 8 ½ x 11 inch paper so that I can insert into a binder or folder. Once the paper/s are filed into their respective binders or files, this is the time that I write down the source and where I found it, (example: 1900 Duluth, St. Louis County, Minnesota City Directory, page 100).

Keep a research log or journal, where you can maintain a list of books, census records, reference materials, vital records and web sites. Note what you looked at, where you found the information (Title, Page and Volume) and what you didn’t find. Again it is a good idea to date your logs or journals so you won’t spend more time on a resource that will not be helpful.

For more ideas on organizing your genealogy files, please visit Susan Peterson’s blog “The Organized Genealogist” at www.organizedgenealogist.blogspot.com or “The Family Curator” at www.thefamilycurator.com or more ideas and tips at <http://pinterest.com/bneal1005/genealogy>.

LONG LOST RELATIVES?

In our newspaper an article written by columnists KATHY MITCHELL and MARCIE SUGAR told of a horrifying experience regarding "long lost relatives". A victim was contacted via e-mail from a so-called distant relative who was looking for photographs and a history of the family for her grandmother. The victim sent copies of photographs and a history of the family to this "relative" and found out that this scam artist posted all of the pictures and the written history online at Ancestry.com.

When the victim contacted the scam artist to tell her to remove all of the material, she refused to do so and posted even more. Ancestry.com was contacted and told the victim that there was little that they could do regarding the posting of family information.

So in the words of KATHY and MARCIE, beware of whom you share your personal information with, you never know what they may do with it.

Thanks to JOAN KAPPELLER for alerting us of this potential pitfall when sharing information and pictures.

Happy New Year!

A friend of mine told me of a terrible situation regarding family pictures and mementos. When her unmarried aunt died about 2 years ago at the age of 69, her remaining siblings decided that they were going to go through her possessions and "just throw everything out." This is the one person who was the family historian and wrote down all the births, marriages, christenings/baptisms and deaths in the family. She also was the family photographer that took many...many pictures with names and dates and organized in chronological order. Because the woman didn't have any children of her own, her siblings didn't seem to think that her contribution to their shared family history should be saved.

Unfortunately I did not hear of this travesty until it was too late...the pictures and mementos had either been discarded in the city dump or burnt. I was saddened by the fact that perhaps someone in the family (had they been given a chance) would have treasured those mementos and photographs.

If I could turn back the hands of time to 2012, I would have taken the photographs myself and donated them to the local history or a genealogy society. I understand that many societies do not have the room to keep every photograph...however in a perfect world, every picture would have a name, date and location so that we would know without a doubt they belong to us.

Let's hope that in the year 2014, tragedies like this won't be repeated and we all will be lucky enough that pictures and mementos that we have collected will be passed down to future generations. While I am at it...let's label and date all those pictures that we have stashed in boxes and photo albums.

Happy hunting in 2014.

PROGRAM FROM 16 OCTOBER 2013

In honor of Family History month, our program was presented by local resident, SHARON F. RICE, who makes Heritage ornaments and gives them away for Christmas presents, thereby preserving her family heritage and memories. Mrs. RICE showed us some of her many creations and they were spectacular. She starts by digitizing her old photographs (Note: never use original photographs) making duplicates to use for her projects. She then turns them into fantastic keepsakes and uses an assortment of mediums available from glass, paper, plastic, transparency film and wood.

GENEALOGY LOCK-IN

On 18 October 2013, a small but dedicated group of amateur genealogists were held “captive” by the members of the Marquette County Genealogical Society, the Onagominkway Chapter of the National Society of the Daughters of the American Revolution, and the Peter White Public Library Reference Staff.

The volunteers and staff of the library instructed the “captives” on the use of *Ancestry.com*, *Heritage Quest* (available at many other libraries, some allow remote access), *Familysearch.org* and *Seekingmichigan.org* in the computer lab. The Peter White Public Library staff instructed attendees on the new microfilm copier. This copier will allow you to scan the newspaper images and put them on a flash/thumb drive which you can then download on your home computer.

Refreshments and goodies were provided by the three sponsoring groups, along with the Marquette Baking Company. Thanks to all the Peter White Public Library staff, Marquette County Genealogical Society volunteers and National Society of the Daughters of the American Revolution volunteers, you truly made this another memorable night.

The “captives” were released to their families after three hours of intense genealogy brainwashing, and reportedly they have all recovered from their ordeal!

The plan is to have another one in October 2014—hope to see you there!

PROGRAM FROM 20 NOVEMBER 2013

This meeting was a meeting filled with decisions! The society members decided that we were going to forge ahead with our entry in the Peter White Public Library’s “Winter Wonderland Walk”. The society decided to use last years picture ornaments and augment them with respective flags from the countries that our ancestors came from. We will have flags from many countries, including Canada, Croatia, Denmark, England, Finland, France, Germany, Ireland, Italy, Norway, Poland, Scotland, Slovakia, Slovenia, Sweden and Switzerland. We also held our elections for the upcoming year and the present members were all RE-ELECTED because they do such a fantastic job. Thank you members for your dedicated service.

ANCESTRAL FLAGS

On 03 December 2013, a small group of members consisting of JOAN BALL, LAURIE JOHNSON, FLORENCE OLIVIER and JUDY WEBB descended upon the Peter White Public Library where we proceeded to make flag ornaments representing the countries that our ancestors came from. If we decide to participate again this year in the “Winter Wonderland Walk” at the Peter White Public Library; hopefully we will have more interest and we can fill the tree with our “ancestral flags”. Imagine how colorful and unique our tree will be. Please think about it and if you have any other comments or suggestions, drop us a line.

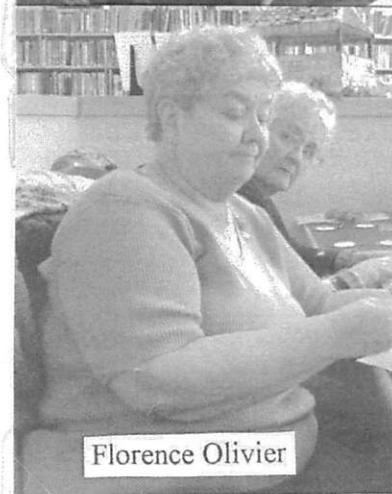

Remember, undocumented genealogy is mythology.

The "cemetery crew" of the Marquette County Genealogical Society would like to thank NANCY GRIGG, for her donation of cemetery transcribing sheets...perhaps we will have enough sheets to complete transcribing the Ishpeming cemetery this year!

CHRISTMAS PARTY 11 DECEMBER 2013

A festive atmosphere invaded the Federated Women's Clubhouse at 6:00 p.m., located on the northwest corner of Ridge and Front Streets, where we continued the tradition of our annual "Christmas Bash." MICHAEL LaTULIP, decorated the lovely setting with a traditional Christmas tree, candle lights in the windows with greenery spread around creating a festive environment to share in the bounties of great food, fantastic camaraderie, some giggles and lots of laughs. This year's winner of the best prize in "Crazy Bingo" would have to be the reindeer jar filled with hot chocolate. The first recipient of this highly sought after prize was JOANNE McCREARY, who promptly lost it until it found its final home with ROSEMARY MICHELIN. For those of you who have never attended one of our soirées once all the prizes are exhausted, then a game or games of cutthroat Bingo commence. Which means if you covet someone else's gift, by all means take it...however be warned someone else may take it for their own! The attendees this year were; JOAN BALL, DEAN & LAURIE JOHNSON, BILL & JOAN KAPELLER, MICHAEL LaTULIP, PEGGY LETVENOW, JOANNE McCREARY, ROSEMARY & BILL MICHELIN, NORMA MILLER, FLORENCE "Pokie" OLIVIER, MARY & DAN TURVEY, JUDY, BOB and JIMMY WEBB, KAREN WERTANEN, SHERRYE & DON WOODWORTH.

PROGRAM FROM 15 JANUARY 2014

Our program this evening was a video presented by Ancestry.com regarding "Emigration and Immigration", hosted by CHRISTA COWAN. She tried to answer the four most important questions; where did they come from? When did they come? Why did they come? Who did they come with?

Which Ports of Departure did they utilize? The most important one was Hamburg, Germany; almost 1/3 of the immigrants from Central and Eastern Europe during 1850-1934 came through this port. Bremen, Germany also served as an embarkation point for millions of eastern and central European Emigrants heading for the Americas. The six major Ports of Entry that were most likely used; Baltimore, Boston, New Orleans, New York, Philadelphia and San Francisco. Families did not (as a general rule) Immigrate together, usually the bread winner went first and once he/she were settled then they would send the money so the remaining family members could join them.

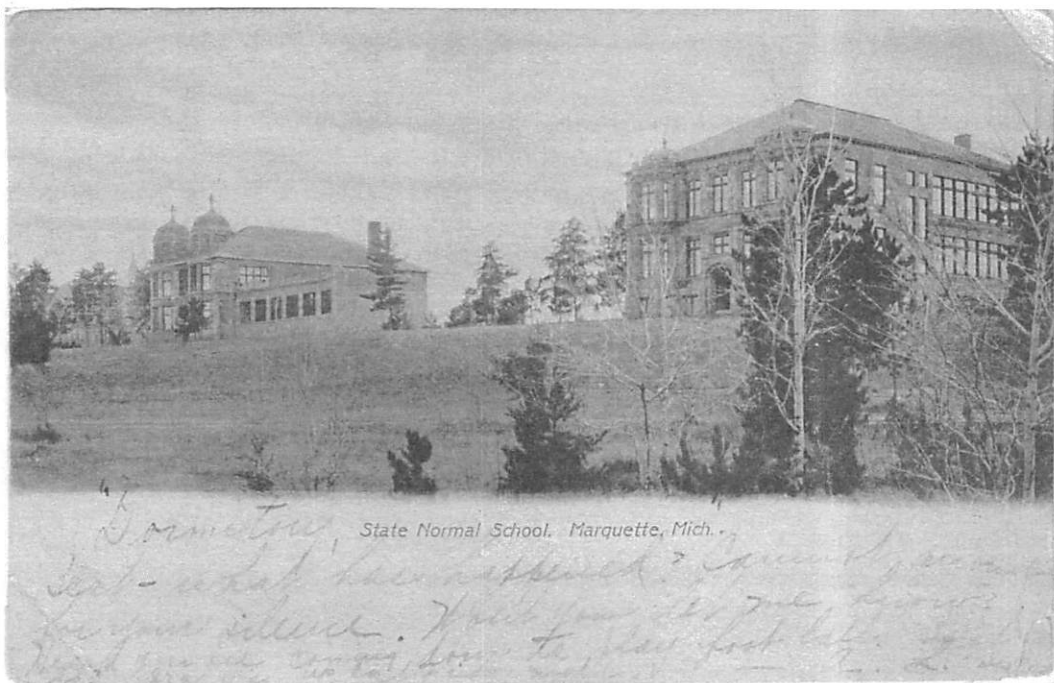

NORTHERN STATE NORMAL SCHOOL

In 1899, the Michigan legislature deemed it necessary that an institute of higher learning be established in Marquette.

JOHN M. LONGYEAR

donated the land which was located on Hematite (now Kaye) and Third Streets in north Marquette at the furthest edge of "civilization". Governor **HAZEN PINGREE** signed the legislation in April of 1899, and classes were held in the city hall until permanent structures could be built. Northern State Normal School started out with humble beginnings with a total of 60 students, and 9 faculty members including **DWIGHT B. WALDO**

who was the Principal (the term "President" wasn't used until circa 1909) along with 4 women faculty members; **FLORA J. HILL**, **MARTHA B. ACKERMAN**, **SOPHIA LINTON** and **KATHERINE KELLAS** and 4 men; **LOUIS F. ANDERSON**, **WILLIAM McCracken**, **R. CLYDE FORD** and **JOHN BROOKIE FAUGHT**. In addition to the Normal School, the Training School was located nearby and was headed by a Superintendent, **LEWIS F. ANDERSON** along with his staff of teachers, **FLORA MOWBRAY**, Kindergarten, **LUELLA MELHINCH**, 1st Grade, **LOLA HARMON**, 2nd Grade, **ESTHER WOODRUFF**, 3rd Grade, and **LILLIAN HADLEY**, 4th Grade. In 1902 the second structure was erected and was called the Peter White Science Hall building. In a 1906 an advertisement for the Northern State Normal School, states that the dormitory is filled with luxuries. The two most important were probably electricity and steam heat.

A LITTLE-KNOWN GOVERNMENT GENEALOGY SERVICE

A little-known program of the United States Citizenship and Immigration Service (USCIS) provides genealogy information that may be difficult or impossible to obtain elsewhere. The records include naturalization files, visa applications, and citizenship test, and may reveal family secrets and mysteries. In addition to relatives, historians or researchers can also request files.

Under the United States Citizenship Immigration Service Genealogy Program, which started in 2008, requests are usually completed within 90 days. The government will run a search of the name, as long as the person is deceased. If there are records available, the government charges additional fees for the files. The fee for a record copy from microfilm identified as (M) is \$20.00 per request. The fee for a copy of a hard copy file identified as (HC) is \$35.00 per request. More information about the fees associated with each file series may be found at <http://www.uscis.gov/history-and-genealogy/genealogy/historical-records-series-available-genealogy-program>.

The documents typically include immigration information, often (but not always) including exact hometowns in their ancestors' native countries. The files often have information on brothers, sisters, aunts and uncles. Many times it is useful to obtain the records of your uncles, aunts and cousins who also immigrated from "the old country."

If the immigrant applied for American citizenship, the details are also included in these files. For anyone of Japanese, German or Italian origin who lived in the United States during World War 2, the documents often include FBI reports about the person's activities, including friends, family and political activities.

For more information about the program, check out <http://www.uscis.gov/genealogy>

ELLIS ISLAND NAME CHANGES?

There is a family myth amongst tens of thousands of American families: "The name was changed at Ellis Island." The stories claim the immigrant arrived at Ellis Island and was unable to communicate with the officials. A record was then created by some official who assigned the immigrant a new name.

It is a great story however it is false and unfortunately this story perpetuates itself and refuses to die. Let us look at the facts to debunk this myth for once and for all.

1). Passenger Lists were never created at Ellis Island. The lists were created abroad written by and for people who mostly spoke and wrote the same language. To be sure spelling variations did occur and as most immigrants were illiterate and did not know their own alphabet or how to spell their names, the clerks wrote down "what they heard". Whatever was recorded on the forms always sounded correct, especially when spoken in their native language. Also, the company's knew that any passenger denied entry into Ellis Island would be sent back to their point of embarkation at the shipping company's expense. To the best of their abilities the steamship companies made sure that all documentation was correct. Documentation was delivered to the captain before the ship left port.

2) Passenger Lists were always prepared in "the old country" by steamship company officials and delivered to the Port of Entry by the captain or a member of his staff. The lists were given to the officials BEFORE any one disembarked from the ship.

3) The idea of an immigrant unable to communicate with the officials is another fallacy. Most of the inspectors at Ellis Island were immigrants themselves and could speak more than one language. If a new immigrant arrived at Ellis Island and could not communicate with the officials, he/she were detained until a qualified interpreter could be found. NEVER would a newly arrived immigrant be forced to navigate through the immigration process without an interpreter.

4) After July of 1940, the Alien Registration Act required every alien in the United States to verify all of their names that they were known by, whether it was a nickname or a maiden name. This act applied to all aliens over the age of 14 years, regardless of nationality and immigration status.

Yes, at some time names did change and it occurred after they processed through Ellis Island and settled in the United States. Some immigrant's names were changed by public officials, school teachers, neighbors and employers. Many Eastern European names were changed because of lack of vowels and mispronunciation of the name. It also made the immigrant's feel as though they were assimilating into their "new culture and home".

POLICY CHANGE FOR PATRONS REQUESTING PHOTOCOPIES

Please note the following change in the policy for patrons who are requesting copies from the Family History Library in Salt Lake City, Utah.

You may request up to 5 different records in one month. Did I mention that this service is completely FREE! (Well mostly free, anyway).

All requests for information from microfilms, microfiche, book pages, CD's, marriage, birth or death certificates, wills and/or deeds will be copied in digital format and e-mailed to patrons in a zipped PDF or JPG file format. There is no charge for this service if they are able to e-mail the information to the patron.

If a patron does not have an e-mail address, they can mail the information via United States Postal Service, (a small fee may be applied to your request). However, as much as possible they will be relying on e-mail to send requests through the internet. If patrons do not have a computer, they can request the information be sent to their local Family History Center, where they can print out the information at the center.

Patrons should request copies by submitting their request to: **Photoduplication Request Form**. All requests **MUST** include the following information;

- 1). Film or Fiche Number.
- 2). Item Number
- 3). Name of individuals referred to in the record.
- 4). Title of the record
- 5). Name of parents, spouse, grantor or grantee.
- 6). Event type-Birth, Death or Marriage.
- 7). Complete event date.
- 8). Event place with county, parish, township, city, state, country, etc.
- 8). Registration or certificate number.
- 9). Volume or page number.
- 10). The state or country of origin.
- 11). Any other information that will help us locate the record.

There are caveats however; this service is only for information that has **NOT** been digitized on their website: (Familysearch.org.). They will only copy 10% of a book and **WILL NOT** make copies of maps.

Note: This is a popular service and as each request is answered by a volunteer, please be patient! The turn around time is usually between 4 and 6 weeks.

CAN YOU IMAGINE?

Can you imagine what it would be like to travel half way across the world without any family members present? Or what it would be like to do this by yourself and you are less than three years old.

A little girl with the name JERDA HEDSTROM was born in Vasalanti, Finland on 01 December 1891 did such a thing. Her father ERICK AUGUST HEDSTROM left Finland before she was even born, arriving in the United States about 1891. Little JERDA's mother VERA FLAA was residing in Liverpool, England and when her daughter was just 10 months of age, VERA left her daughter in Liverpool to come to America. VERA arrived in 1892. JERDA's travelling companion was a young woman whom she had just met prior to her departure. In October of 1894 JERDA boarded a ship and arrived in New York City on 3 November 1894.

When JERDA arrived in New York, her uncle THEODORE JUSSIL, a captain of an ice barge named *Mary M. ROBERTS*, allowed the little girl to stay with him until Friday night. Her uncle then brought her to the Grand Central train station for her final destination. Her father ERICK AUGUST HEDSTROM works as a grocery clerk, in Ishpeming, Michigan.

JERDA (later changed to GERDA) married FRANK R. EKINS on 10 July 1918 in Fort Madison, Lee County, Iowa. A graduate of Augustana Hospital School of Nursing in Chicago she worked as a Public School nurse in Fort Madison, Lee County, Iowa.
