Volume 31, Issue #1

Bienvenue, Tervetuloa, Välkommen, Velkommen, Welcome, Willkommen, Witamy 2018!

I hope that you all had a wonderful holiday season and here's hoping that 2018 brings you good tidings and many genealogical discoveries.

Even though we had a late start on registering for our Christmas tree in the *Winter Wonderland* at the Peter White Public Library, I think our tree turned out wonderful. Thanks to GINGER PETRY who came up with the idea of having favorite recipes "decorate" the tree. So many folks did their due diligence and had quite a few intriguing recipes. Some of the recipes were family favorites, special memories or foods that perhaps they just enjoyed preparing.

When I was growing up my neighborhood was a melting pot of ethnic groups. I was surrounded by Americans with Finnish, Swedish, Polish, English, French-Canadian, Italian and German ancestry. I think every nationality had their specialty recipes that perhaps were only made during the holiday season. My neighbor, Mrs. JACOBSON made these little butter cookies that had a coating of sugar on them—I don't remember the name of them but I certainly remember the taste of those flaky delicious morsels of goodness.

I remember my English neighbor, Mrs. LILLIE preparing scones and oh they were good. Her mother (from England—no less) would come to visit her on occasion during the holiday season and I would be treated to scones with clotted cream. I don't think I enjoyed the clotted cream, but the scones...yummy.

I remember my two Finnish neighbors always plying the neighborhood children with cookies, although Mrs. NIEMI and Mrs. LIIMATTA would call them "keksi" or a word similar to it—although I had no knowledge of the Finnish language I certainly understood what that word meant.

While this is not a typical genealogical topic, as I was paging through my paternal grandmother's recipe card box, it brought me back to a time when my grandparents, grandaunts and granduncles, aunts and uncles were still here. Oh, to be able to ask a question about them or to finally get the answer I have been searching for—if only I could spend just one more day with them!

Program from 06 October 2017

This evening's special program was hosted by the Peter White Public Library. Our annual fall genealogy lock-in beginning at 6:30 p.m. LYNETTE SUCKOW, Reference Librarian at Peter White Public Library giving the welcome address. JOAN BALL, president of the Marquette County Genealogical Society presented the keynote program on *Immigration and Naturalization* in the George M. Shiras room. PAT BERNARD presented her program on *United States Ports of Entry*. JANE JOHN and SARAH JOHN SMART were on hand to help those who are researching their (NSDAR) National Society Daughters of the American Revolution ancestors. ANNIKA PETERSON was on hand to let every one know what types of information is available at the Northern Michigan University Archives. CAROLINE JORDAN assisted with the (online) Sanborn Maps and (online) Newspaper Archives. LAURIE and DEAN JOHNSON, CRYSTAL SWANSON and KAREN WERTANEN were in the computer lab assisting patrons with various research projects. Thank you to DIANA MENHENNICK for being the Registrar, excellent work! A special thank you to NORMA MILLER for going above and beyond the call of duty, making sure the packets are together, registering the patrons, setting up and taking down the tables. A special...special thanks to LYNETTE SUCKOW for all your hard work behind the scenes, without it the evening would be less successful.

Program from 18 October 2017

Our program this evening was a webinar presented by JONI L. KESLER titled "United States Church Records". Ms. KESLER presented a basic outline regarding the types of church records, how to use them, what types of information can you find and where to find them. Since church records have been around longer than vital records, they can be substituted in place of vital records. From christenings/baptisms you can glean quite a bit of information, i.e. child's name, place of birth, date of birth (although not always), names and places of birth for the parents. If you are looking for marriage record the information is dependant upon who filled out the forms, at a minimum you will find out the bride's name, age, occupation (maybe place of birth), groom's name, age, occupation and maybe a place of birth. The marriage record may record the officiant's name and religious affiliation.

A special thank you to FLORENCE "Pokie" OLIVIER for staying up late baking the delicious Halloween cookies and also decorating them, the lucky attendees were surrounded by ghosts, goblins, witches, pumpkins and at least 1 black cat.

Program from 15 November 2017

The thirteen attendees had to make quite a few decisions; the most enjoyable was the discussion of our annual entry in the Peter White Public Library's *Winter Wonderland*. GINGER PETRY came up with the idea of using recipes focusing on family recipes for our "bulbs." It was delightfully different.

Our elections were held this evening and we would like to welcome them to their new positions. PEGGY LETVENOW was elected as Vice President, LAURIE JOHNSON elected as Corresponding Secretary, RON LOVEL elected as Member-at-Large. We would like to thank our former board members; JUDITH WEBB, Vice President, SHERRY WOODWORTH, Corresponding Secretary, KAREN WERTANEN, Member-at-Large for your outstanding contributions to our society.

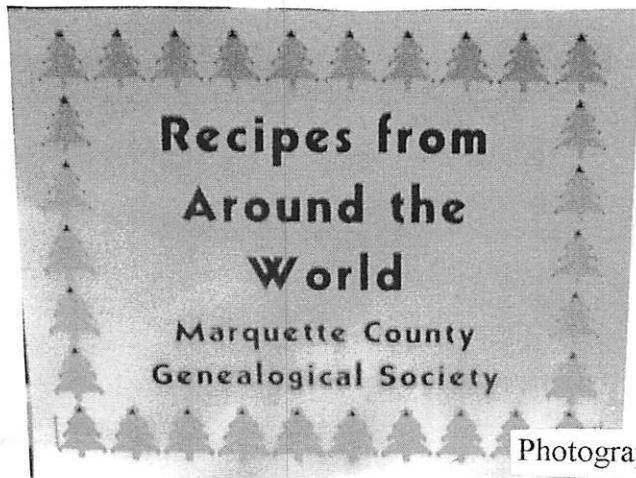

Once again, FLORENCE "Pokie" OLIVIER came bearing goodies. She made homemade sugar cookies shaped in the usual Thanksgiving motifs, including turkeys, cornucopia and pumpkins. Thank you FLORENCE "Pokie" for thinking of us!

Just a reminder

If you are getting your newsletter via e-mail, please make sure that I have a valid address.

Recipes from Around the World

This year's entry for the Winter Wonderful Walk held at the Peter White Public Library was all about food. While it isn't a typical theme for our trees (at least in the past) it is the one thing that immigrants brought over from the "old country" and the connection to those that are no longer with us. We had recipes from Finland, Germany, Ireland, Italy, Luxembourg, Slovenia, Sweden and the United States.

Program from 17 January 2018

This evening's program was presented by JOAN BALL, titled "*Can I Use this*", an overview regarding copyright and its legal definition. For example, you own the copyright if you created anything after 1978, be it a written article, a play, story or drew a picture or cartoon; taken a photograph, the copyright last the person's lifetime plus 70 years. Some things that cannot be copyrighted include facts, such as birth, marriage, divorce or death dates. In genealogy a pedigree, descendant chart, GEDCOM or any other standard formats that contain facts—cannot be protected by copyright. Any records (which may include but is not limited to, census records, military documents etc.) that are generated by the federal government are not protected by copyright. Blank forms cannot be protected by copyright, so they are considered in the public domain. If a work was **published** before 1923 that work is no longer protected by copyright and you are free to use at will. If a work was **unpublished**, it may still be protected by copyright.

Tadych's Econo Foods Receipts

For those members that live or visit the Marquette area, remember to keep your receipts and bring them to the next meeting or mail them to the Marquette County Genealogical Society, c/o Peter White Public Library, 217 North Front Street, Marquette, Michigan 49855. We also have a collection box near the genealogy section at Peter White Public Library. The receipts are then redeemed for cash (we receive 1% of the total value), which we then use to purchase books and CD's for our collection. Please remember to save your receipts—thank you for supporting our society.

Program from 13 December 2017

Our final meeting of 2017 was interrupted by our annual Christmas party held at the Lost Creek Community Center located off of County Road 492. The décor, food and company were spectacular with so many delicious foods—we have quite a few really good cooks and bakers amongst us. However, let's be honest the real reason people keep coming back year after year is for the exciting *Crazy Bingo*. As usual the Russell Stover's boxes of candies visited every single table—not sure who ended up with them but they win! DAN TURVEY was awarded the most unusual gift, a bar of soap in the shape of a hotdog—we hope you enjoy your present. This year's twenty-three attendees; JOAN BALL, BETTY BELANGER, MICHAEL BELTZ, CAROL & MIKE FARMER, DEAN and LAURIE JOHNSON, ALEX and PEGGY LETVENOW, BILL and ROSEMARY MICHELIN, NORMA MILLER, FLORENCE "Pokie" OLIVIER, BOB and CRYSTAL SWANSON, ANN and CLIFFORD TRUDELL, DAN and MARY TURVEY, JIM and JUDY WEBB, BEA and KAREN WERTANEN. Extra special thank you to BEA WERTANEN for reserving the wonderful facility and all those members that donated presents for local teenagers and FLORENCE and ELYSA OLIVIER for dropping off the gifts to the Mining Journal's *Cheer Club*.

Peter White Public Library—Marquette

In 1895, the Peter White Public Library and Reading Room located on West Washington Street in the city of Marquette was outgrowing its space and its namesake PETER WHITE began looking for a new location. On 03 August 1900 JOHN MUNRO and MARY BEECHER LONGYEAR donated a lot at the southwest corner of Ridge and Front streets at the crest of the hill. The library has remained at that location as a beacon of culture and community ever since.

On 03 August 1900, ELLEN HEWITT WHITE donated a sum of \$5,000 towards the new building along with her husband PETER WHITE. Mayor NATHAN M. KAUFMAN and his wife, MARY BREITUNG KAUFMAN also contributed generously to the project. In March of 1901 Mrs. LONGYEAR donated two more city lots.

The library was designed by the Chicago, Illinois architectural firm of NORMAND S. PATTON and GRANT C. MILLER. The dimensions of the building will be 100 feet long by 60 feet wide. The cost of the building and furnishings was about \$47,000 and opened on 22 September 1904 (the same day as the new county court house.)

The Beaux-Arts Classical building was built from Bedford, Indiana limestone a grayish-white stone with rounded windows on the first floor and rectangular windows on the second. The red tiled roof added a striking contrast to the pale stone. The entry way on Front Street is guarded by four giant fluted columns standing like sentries guarding the precious items inside. The stained glass windows and a skylight designed by ERNEST J. SPEIRLING and FRANK I. LINDEN of Linden Glass Company of Chicago, Illinois added to the grandeur of the building. Choosing the grayish-white stone was a stunning addition to the city as it stood apart from the usual building materials in Marquette, which was mainly reddish-brown sandstone.

On the first floor as you pass through a marble vestibule you enter a delivery room on the left and to the right is the children's reading room. At each side of the vestibule you will find two stairwells going to the basement and the second floor. There is also the librarian's and a cataloging room and a reference room. The library has a circulating collection of 14,370 books.

The second floor consists of an art room, lecture area, a museum, study and a Trustees room.

The basement consists of the bathrooms, boiler and fuel room, the janitors reading room, a workroom and a storage area for books that are not consulted.

In 1905 the Board of Trustees, elected ALFRED R. BENNETT as President, CHARLES R. McCABE as Secretary, and ROSE E. PATENAUDE as the Librarian; other members of the trustees were JOHN R. STONE, EDGAR MacPHERAN and ARTHUR E. DELF.

The funding of the "new" Peter White Public library will be administered by the city treasurer from a one mil tax assessment on all taxable property located within the city limits. This money is to be used for purchases of books, magazines, pictures, photographs and staff.

Genetic Diseases: Hemochromatosis

This article originally was published in Michigan's Habitant Heritage in 1998, and reprinted in the American-Canadian Genealogist, Issue #77, Volume 24, Number 3, 1998, Page 165, written by Gail Moreau whose husband suffered and died from this disease.

I feel it is important that people are aware of this genetic disease which is not rare as some doctors would lead one to believe. The disease is called hemochromatosis, commonly known as iron overload or too much iron in the blood.

Hereditary hemochromatosis (HH), in which the body accumulates too much iron, is the most common genetic disease in the United States. Hemochromatosis is transmitted by an autosomal recessive gene. First identified in 1865, HH is potentially fatal but easily treatable if detected early and treated aggressively.

Leading scientists agree that hemochromatosis affects one in eight Americans who are carriers of the single gene (heterozygote) and one in 200 with the double gene (homozygote) who develop the full blown disease which often results in cirrhosis and cancer of the liver, diabetes, arthritis, chronic fatigue, impotence, infertility, heart disease, and premature death. Patients with missed or delayed diagnoses become increasingly ill and eventually die, never discovering iron overload as the underlying cause of their illness and death. Iron overload affects men, women (pre and post-menopausal), and children. Caucasians, Afro-Americans and Hispanics have a particularly high frequency of iron overload.

The root of this recessive gene is mid-European, Caucasian/Celtic, All German, French, Austrian, Italian, as well as English, Irish, Scottish and Welsh people are at risk through family lines to carry one gene.

From the little bit of research I have done since the beginning of October 1997, I have found that there is a high incidence of this disease among French-Canadians and Irish, in combination with each other. I am trying to identify specific French-Canadian families who might have a high occurrence of this disease. I have found two lines my husband had in common with another person from Massachusetts who also has the disease. When I find more specific evidence, I will publish it in this journal. The disease came to Québec from Brittany with Jacques Cartier.

The family of WILLIAM PIGGOTT of Negaunee, Marquette County, Michigan, can probably boast of being the only entire family in the United States in the service of the nation.

All members, including the father, two sons and a daughter, are now overseas for Uncle Sam. WILLIAM PIGGOTT, the father, being an expert railroad man, is now in France with the Railroad Corps. His youngest son joined the regular army and was one of the first men to touch French soil.

The daughter then joined the American Hospital Service and is over in France now with a unit along with Miss HILL, the daughter of the late JAMES J. HILL.

The other son joined the National Guard and reached France as a part of the Rainbow Division.

IMMIGRATION

The quarantine station located at Grosse Île was established in 1832 and operated until 1937. The database has information regarding baptisms, births that occurred at sea, burials at sea and at the quarantine station, hospital registers, inventories of belongings of deceased persons and marriages.

Note: More than 2/3 of the immigrants were from Ireland.

Has records up to and including 1935 for arrivals at ocean and border ports, there are no comprehensive list of immigrants arriving in Canada before 1865. Included in the databases are passenger lists from 1925-1935 which includes eastern United States ports, Halifax, Montreal, North Sydney (Nova Scotia), Québec City, Saint John, Vancouver and Victoria.

HOME CHILDREN

In the British Isles church and philanthropic organizations sent over 100,000 orphaned, abandoned and pauper children to Canada for resettlement from 1869 thru 1930. It was thought that these children would have a better chance for a healthy life. Included in the database is: Boards of Guardians—a listing of many workhouse children sent to Canada from the late 1880's to 1916.

NATURALIZATION

Prior to 01 January 1948, immigrants born in the British Commonwealth countries had no need to file for Naturalization Papers, as they were all British subjects.

Volume 31, Issue #2

A while back I was contacted by a distant relative regarding a mutual relative. She found a possible candidate and wanted feedback on whether or not this was "our guy." The time frame and location seemed appropriate, but the sticking point; he died in the poorhouse.

We both knew that this man had a surviving wife, numerous children and even grandchildren...so how could this be? We knew that he had worked throughout his life as a laborer in a lumber mill, miner, carpenter, farmer and finally on a railroad. Is it possible?

At first when I looked at the death record, I paid only scant attention to the location noted in the margins, which just said Marquette. Feeling frustrated I looked on the previous page and in clear, concise handwriting were the words "Poor House." Most of the deaths recorded seemed to be from "being poor," childbirth, consumption, drunkenness, frostbite, illness, laziness, spotted fever, tuberculosis and whiskey!

Contrary to the popular opinion that "everything" is online, sometimes you must locate these treasures by actually visiting a repository. Luckily for me, I have the opportunity to see and touch some primary documents. I knew that the Marquette Regional History Center has information regarding the "Poor House," and as I was perusing the entries I discovered that "our guy" was injured in a work accident. Unfortunately the ledger didn't go into detail about the exact nature of his injury, but I do know it was on his leg and his cause of death was listed as sepsis.

According to his obituary it said he was survived by his wife, eight children and twelve grandchildren, surely a family member could have taken him in. However, the questions we would like answered will forever remain a mystery.

We have no idea of why he was an "inmate" at the county poor house, so many possibilities and suppositions. Why? Was he there because he didn't have the extra money for medical treatment? Hospitalization? Perhaps the poor house was used as an early version of a nursing home for family members that couldn't or wouldn't take care of their relatives.

Program from 21 February 2018

This evening's program was a lively discussion of marriage and genealogy records, with many members reporting their successes and failures with finding vital records. Many helpful tips were passed around and hopefully they will reap the benefits of the discussion.

Program from 21 March 2018

This evening's program was titled "*Naming Patterns.*" It was an interesting program with JEFFREY CARLSON informing us that in Sweden the government deemed it important that everyone have a recognizable surname. He had a relative that was serving in the military and took the surname of a German soldier, and never went back to his original name. The French-Canadians seemingly using a name over and over until they finally have a surviving child. The Welsh typically use the mother's maiden name as a middle name for the first child. Also discussed were some unusual names, NORMA MILLER and DEAN JOHNSON have a relative with the moniker *Thank ye Lord.*

Program from 03 April 2018

JOAN BALL, President of the Marquette County Genealogical Society led the *Beginning Genealogy* workshop, held at the Peter White Public Library in the George M. Shiras Room. The workshop started at 6:30 p.m. lasting approximately two hours. She covered the basics on how to start genealogy research. JOAN covered topics including but not limited to, ancestor/pedigree charts, family group sheets, research journals, research logs, source summaries, correspondence logs and genealogy programs.

Program from 10 April 2018

LAURIE JOHNSON, Corresponding Secretary of the Marquette County Genealogical Society and editor of the society's newsletter, Lake Superior Roots led the 18 participants in discovering online newspapers archives *Chronicling America*. The workshop was held at the Peter White Public Library in the computer lab, beginning at 6:30 p.m. and lasting approximately 2 hours. The participants were given basic search skills on how to do a successful search, and get the results needed.

Program from 12 April 2018

LAURIE JOHNSON, Corresponding Secretary of the Marquette County Genealogical Society and editor of the society's newsletter, Lake Superior Roots led the 18 participants in the *What Do I Do Next* workshop. We covered genealogy books that may be helpful finding, sourcing and organizing their genealogy data. We also covered 4 or 5 generation charts and family group sheets, their usefulness in keeping your information organized and accessible. We discussed birth, marriage, divorce and death records and where to find the information. Also covered were cemetery, church, funeral home, naturalization and census records, among other topics. Genealogy programs were covered to let the participants know there are programs (some free) to help organize their data. The subject of "Online Family Trees" was a topic that led to an interesting discussion on whether to "copy" those trees without further investigation.

A marriage license was issued the first of the week to Miss LIZZIE BIRD of Assinins and SAMUEL GAUTHIER of Marquette.

*28 July 1917, The L'Anse Sentinel, L'Anse, Baraga County, Michigan

Program from 18 April 2018

This evening's program was presented by member RON LOVEL, titled "*Cemetery Rules and Regulations*." He spoke of his desire to be interred in a family plot in Iron County, Michigan. He sent a letter to the county clerk regarding a deed from a plot that his grandfather had purchased many years ago. The clerk could not locate a deed, so a new one was re-issued in his grandfather's name. Ron as a legal heir now has a right to be interred in the family plot. Ron also told us that in Michigan if there is no activity (burials or cremains) for sixty years, the plot can revert back to the cemetery to be resold.

Program from 20 April 2018

The Marquette County Genealogical Society, Marquette Regional History Center, Northern Michigan University Archives, Onagamingkway Chapter of National Society Daughters of the American Revolution (NSDAR) and the Peter White Public Library's (PWPL) Reference Staff held the annual genealogy lock-in this evening at the Peter White Public Library beginning at 6:30 p.m. and ending at 9:00 p.m. A special thank you to our presenters; NEIL NEWCOMBE, sexton of Holy Cross Cemetery, PAUL ALBERT, sexton of Park Cemetery, ROSEMARY MICHELIN, "Gravestone Symbols" and LAURIE JOHNSON, Find-A-Grave. A thank you to those volunteers who make it all possible; LYNETTE SUCKOW, Reference Librarian at PWPL, JOAN BALL, DEAN JOHNSON, NORMA MILLER, CRYSTAL SWANSON of Marquette County Genealogical Society, JANE JOHN, SARAH SMART and KAREN WERTANEN of NSDAR and KAREN KASPER of Northern Michigan University Archives.

Marriage Index

PEGGY LETVENOW reports that the Marquette Mining Journal marriage index at the Peter White Public Library is current and in the binder.

Tadych's Econo Foods Receipts

In April 2018, FLORENCE "Pokie" OLIVIER received a check from Econo Foods of Marquette in the amount of \$269.36 from the "We Share" program.

Tadych's Econo Foods Receipts

For those members that live or visit the Marquette area, please remember to keep your receipts and bring them to the next meeting or mail them to the Marquette County Genealogical Society, c/o Peter White Public Library, 217 N. Front Street, Marquette, MI 49855. We also have a collection box near the genealogy section at the library. The receipts are then redeemed for cash (we receive 1% of the total value) which we then use to purchase books and CD's for our collection. Thank you for supporting your society.

Queries: Who, What, Where and When?

Deadlines: Second week of January, April and September. Please no abbreviations, will edit if necessary. 1 free query per year, per member. \$1.00 for each additional query, a charge of \$2.00 per query will be levied for non-members. Please send queries to Marquette County Genealogical Society, c/o Peter White Public Library, Marquette, MI 49855

Copyright Responsibilities

From time to time members hand or send me articles, comics, photographs and stories they find online, in newspapers or magazines to publish in our newsletter. It isn't that I am unappreciative of their generosity, but most times I cannot republish anything without the written permission of the author or owner of said work.

If you submit an article, comic, photograph or story please make sure that you have permission from the author to have their work re-published. However, if you are the author of a story or article, owner of a photograph or cartoon that has relevance to genealogy please feel free to submit your work.

A rule of thumb for determining what is protected; the following is a useful test: *If you wrote it, you own it; if you didn't, you don't—and it belongs to the person who wrote it*¹

ENGLISH CAPTIVES AND PRISONERS REMAINING IN NEW FRANCE

By: Roger W. Lawrence

This book is a valuable resource on the English captives remaining in Canada. The most important information that is retrieved from this book is the captives' Native American or French names. The book gives the story for each individual on where they were captured and their life in Canada. The book also gives their marriages, children, family histories and ancestral lines up to seven generations in some cases. There is a list of sources at the end of each chapter. The cost of this book is well worth it. Even if you do not have any captives in your family lines this book is an interesting read.

Michigan Naturalization Index Project

WE NEED YOU! From the Seekingmichigan.org website, the Archives of Michigan is pleased to announce the launch of a digitization and indexing project to make naturalization records from nearly seventy counties available online. In a partnership with Familysearch.org, and with the support of the Michigan Genealogical Council, the Archives of Michigan is asking **YOU** to help transcribe key genealogical information from the records. Once completed, the collection—including both the image and index will be freely available only at Seekingmichigan.org. For more information and a “how to” please visit their website at: <http://seekingmichigan.org>

Negaunee Hospital

In June 1902 Dr. JOHN H. HUDSON is getting bids on building Negaunee's first hospital to be located on the southeast corner of Ridge Street and North Teal Lake Avenue. It will measure 42 x 48 feet. The building will be patterned after the Barabee house on Brown and Main Streets. (This presently is the site of the Negaunee Historical Museum.) The hospital opened in March of 1903.

In July 1904, Doctors JOHN H. ANDRUS, CARL J. LARSON, HORACE W. SHELDON and HENRY S. SMITH, purchased the hospital from the estate of Dr. JOHN H. HUDSON, who tragically drowned in May 1904.

In the center of the first floor was a large waiting room, with three doctor's offices and examination rooms. Patients sat on wooden benches and chairs waiting to be seen by the doctors. The next patient to be seen by a doctor was the person who had the seat closest to the door.

The clinic also on the first floor, where patients would have their cuts stitched, plaster casts on broken limbs and other medical procedures. On the northwest corner of the building, where large bottles and containers were stored was the "pharmacy." Medicines were usually given to the patients without having to visit a drug store.

In October of 1908 Dr. HENRY S. SMITH left the Negaunee Hospital to become part owner of the Ishpeming Hospital.

In 1911 Dr. CARL J. LARSON, left the practice and opened his own at the First National Bank building located on the northeast corner of Silver Street in Negaunee. Later, Dr. LARSON was appointed as the health officer for Negaunee.

On 03 September 1927, Cleveland Cliffs Incorporated (CCI) bought the Negaunee Hospital and turned into a dispensary with a trained nurse INA ATKINS. INA ATKINS was said to be a formidable woman and easily distinguished by her white starched uniform and her medical bag. The Doctor's ANDRUS and SHELDON retired.

Dr. JOHN HEMAN ANDRUS, a native of Ashtabula County, Ohio, graduated from University of Michigan and received his medical degree on 23 June 1885. He died 26 December 1930 in Negaunee and is buried in the Negaunee Cemetery.

Dr. HORACE W. SHELDON a graduate of Brown University and received his medical degree from Rush Medical Hospital and interned at the Presbyterian Hospital in Chicago, Illinois. He removed to Berkley, Alameda County, California before 1928, where he died on 12 March 1934.

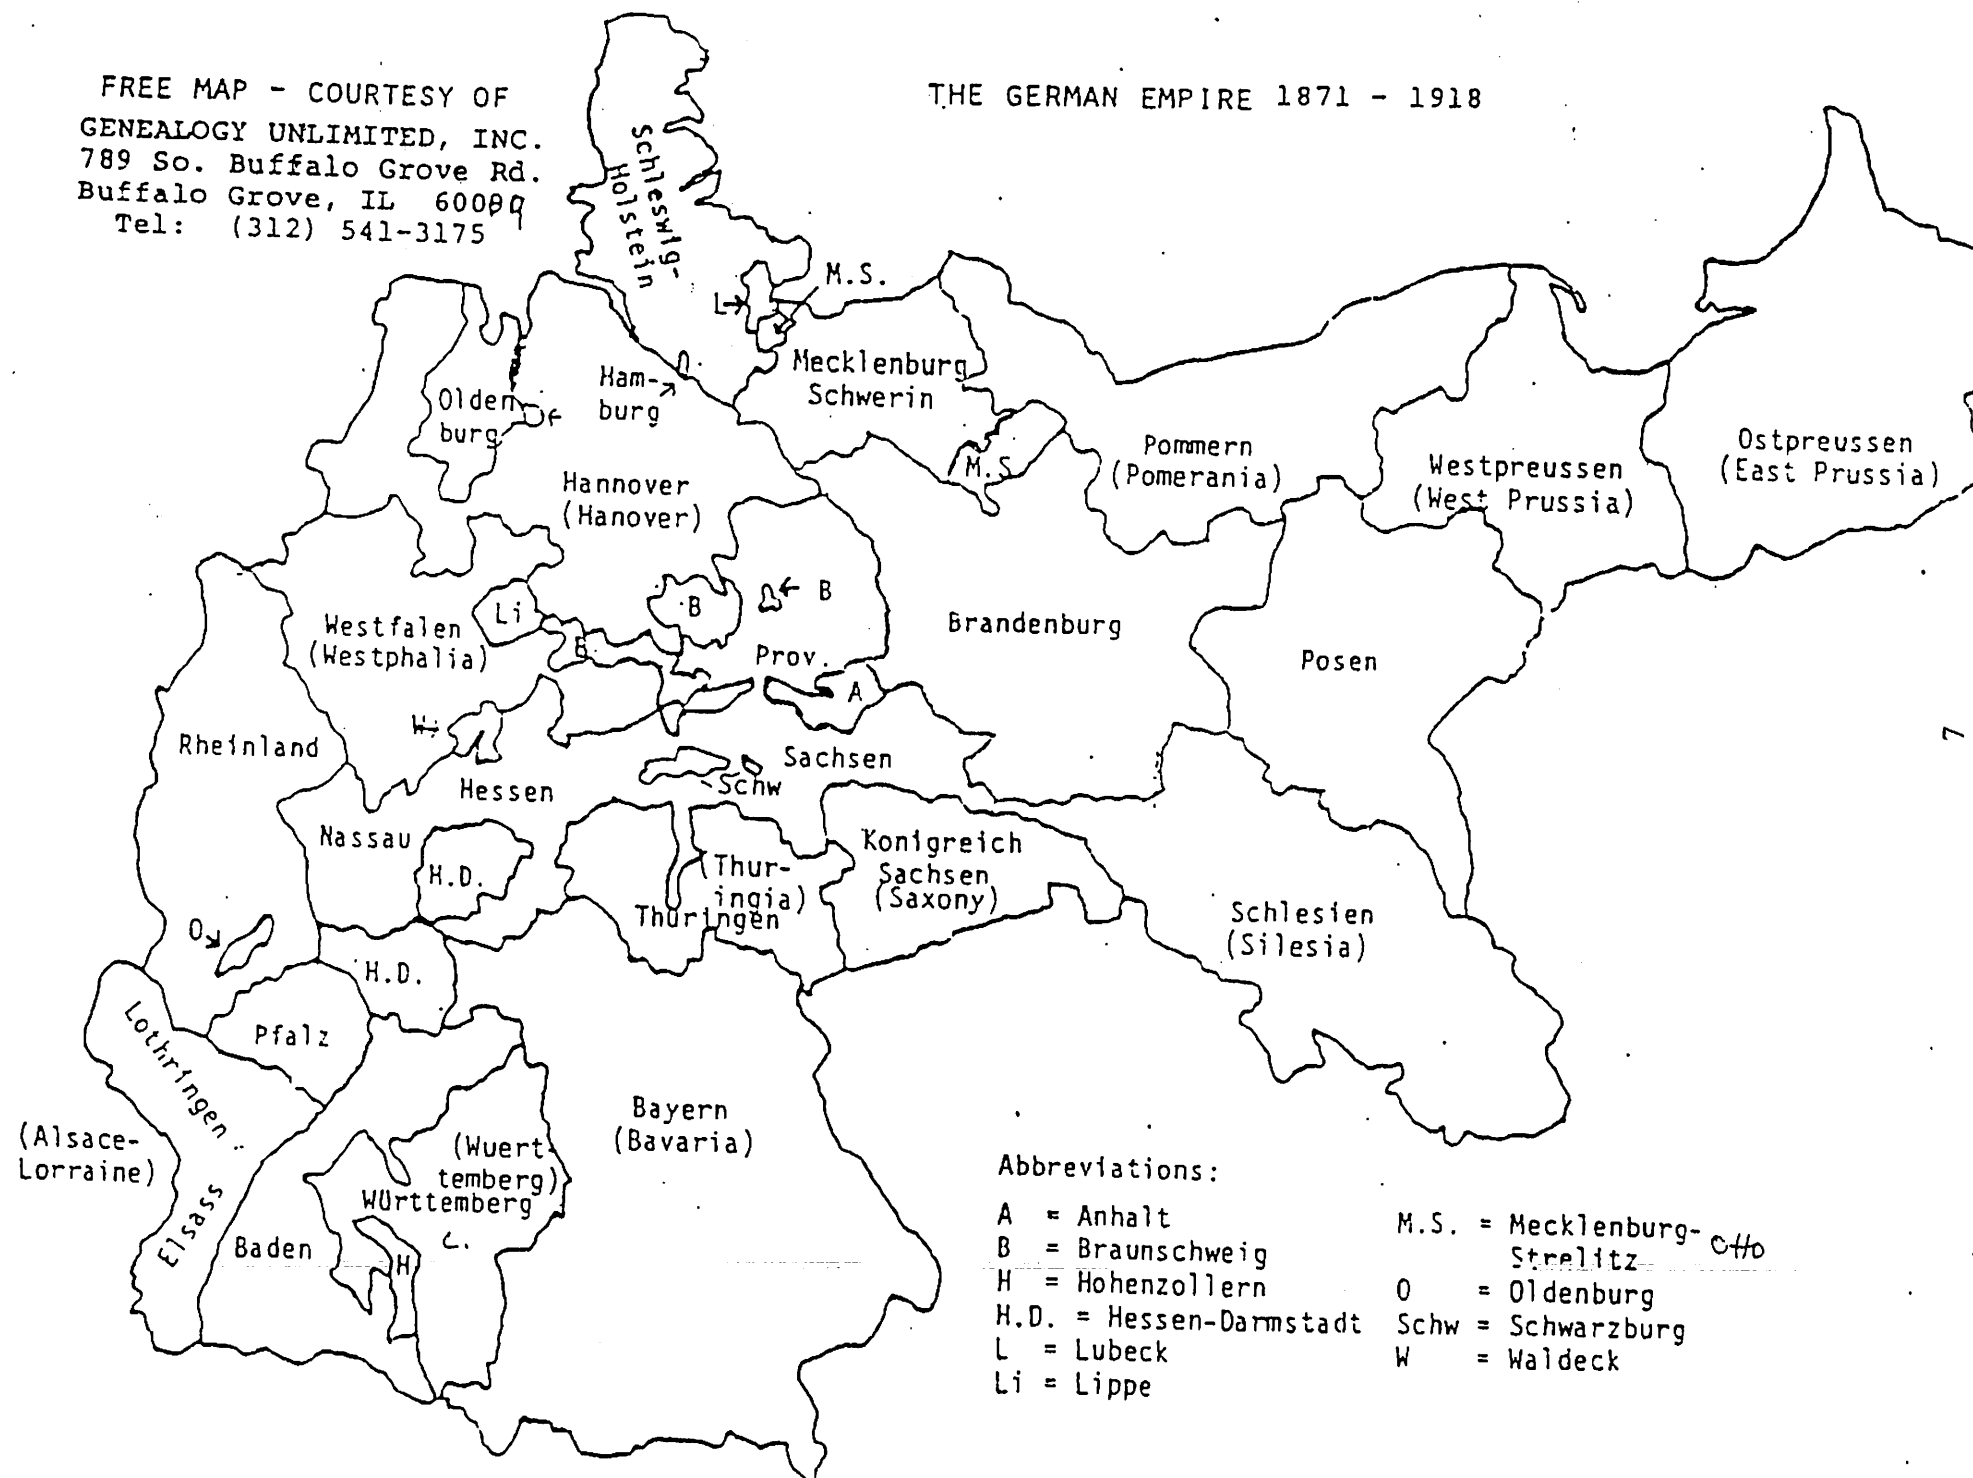

About 1954, Cleveland Cliffs Incorporated (CCI) sold the dispensary and the building was used as a private residence and a medical facility. Dr. RAYMOND L. PAINE, a physician and health officer had his office located there until 04 September 1964 when he died suddenly at Bell Memorial hospital while visiting patients.

On 04 August 1966 the Masonic Lodge purchased the building. After remodeling it was opened and dedicated on 27 August 1966. The Masonic Temple is still used today.

CARL ERICKSON a well known young man says he was the first motorist to make the round trip from Marquette to Munising. It was necessary for him to hire teams at three points to pull him out of the mud. The road conditions are horrible.

WILLIAM RINNE of Detroit, Michigan is visiting his parents.

JOHN STEWART is a patient at the Negaunee hospital with pneumonia.

ANDREW LAHTI is home from Camp Custer on a few days furlough to visit with his folks.

The Misses ALICE and LIMPI HANALLA, the former a clerk in LEVINE Brothers store have been called to Iron River, Michigan because of a serious illness of their parents, both of whom have pneumonia.

Lt. ALBERT J. ROUGH, son of JOHN ROUGH of this city, who has been stationed at Fort Leavenworth, Kansas the past several months, has been transferred to Camp Dix, New Jersey, where he has been assigned to the 54th Engineers.

Mrs. THOMAS OLIVER, of Marquette, spent several days here this week visiting her husband, who is a conductor on the pusher.

Volume 31, Issue #3

World War 1 began on 28 July 1914, when a Serbian nationalist assassinated Archduke Franz Ferdinand and his wife Sophie in Bosnia. Germany declared war on Russia and France in early August 1914. Britain, then declared war on Germany on 04 August 1914. Later that month Japan declared war on Germany.

Even though the Americans hadn't yet joined the war effort, many young men who had ties to Britain or Canada, enlisted in their military forces. LEO EDWARD SAVARD enlisted in the Canadian Expeditionary Forces.

First Lieutenant MERRITT B. WILSON enlisted in the United States Army on 20 June 1916, serving with Company F, 125th Infantry, 32nd Division. He was discharged 23 May 1919 and was awarded the Purple Heart and the Distinguished Service Cross, the second highest award given to a service member for gallantry.

Finally, when the United States declared war on Germany on 06 April 1917, the war was almost in its third year of existence and Americans didn't want to become embroiled in a long drawn out conflict that the citizens didn't want to fight. It wasn't until the sinking of the passenger ship *Lusitania* that the United States became involved in the war effort.

Marquette County's ERNEST J. OMAN was the first draftee called to active duty, serving with Company B, 139th Infantry, 35th Division. ROY L. RYDHOLM enlisted in the Naval Reserve Force on 07 April 1917 the day after the United States officially entered the conflict. LEO FLEURY is the last of World War 1 veterans to die in Marquette (29 Feb 1996)

It has been said the World War 1 was the deadliest conflict in the history, it is said that some 37 million people died during the conflict. So it was a great relief to all those nations who were involved that on the eleventh hour of the eleventh day of the eleventh month, the Allies signed the Armistice in Compiègne, France, thus ending "the First World War, the Great War, or the War to End all Wars."

The attendees were: JOAN BALL, DEAN and LAURIE JOHNSON, PEGGY LETVENOW, ROSEMARY and BILL MICHELIN, FLORENCE "Pokie" OLIVIER, her daughter-in-law JULIE, son WAYNE and grandchildren, ALEC, ELYSA, NICK, LIAM and YALE OLIVIER, CRYSTAL SWANSON, CLIFFORD and ANNIE TRUDELL and MARY and DAN TURVEY

Program from 19 September 2018

Our program this evening was presented by Jack DEO, former owner of Superior View Gallery held at 7:00 p.m. at the Peter White Public Library in the Huron Mountain Club Gallery. Jack gave a brief discussion on the types of photographs, starting with Daguerrotype (circa 1839) which is the oldest photographic process using iodine sensitive silvered plates and mercury. The next type was the Ambrotype (circa 1850's), which is a thin glass negative with black paper behind the image. The next discussion were tintypes (circa 1856-1870's), which is a positive image on a thin sheet of metal coated with a dark lacquer. Also discussed were Carte de visite (CdV) which were patented in 1854 and then Cabinet Cards which were widely used after 1870. He also gave hints and suggestions on restoring your own photographs—for example scan your black and white photographs in color and that way you can pick up the subtleties of each color. Also it is better to scan a negative rather than a photograph. To fix your torn photographs purchase some linen tape—please do not use scotch tape to repair photographs!

Michigan Naturalization Index Project

WE NEED YOU! From the Seekingmichigan.org website, the Archives of Michigan is pleased to announce the launch of a digitization and indexing project to make naturalization records from nearly seventy counties available online. In partnership with Familysearch.org and the support of the Michigan Genealogical Council, the Archives of Michigan is asking **YOU** to help transcribe key genealogical information from the records. Once completed, the collection—including both the image and index will be freely available only at Seekingmichigan.org. For more information and a "how to" please visit their website at: <http://seekingmichigan.org>

Interlibrary Loan

Interlibrary loans give you access to materials that your library does not have. Most public and academic libraries offer interlibrary loans to retrieve books, microfilms or other materials for a small fee (some institutions do not charge for this service—ask if you are unsure of the policy.) Also beware that some institutions will not loan out genealogical material through interlibrary loan. Four things to know you will need to know the author, title, publisher and the name of the library that has the material you are searching for. If you have any questions you should ask your library staff.

Negaunee City Hall

The population of Negaunee in 1870 was 2,560 residents; by 1873 the population of Negaunee is over 5,000 residents. Negaunee was incorporated as a city because of the iron ore mining boom and city residents needed a place to conduct official city business.

On 28 November 1889, the city hall complex begins construction on Jackson and Kanter Streets which includes the city jail and public library. The workers are making steady progress as the walls are half way up the first story. By December 1889, the timbers for the roof are in place. In January 1890 the ornamental metal tops are put on the chimneys. Later that year, to keep the grounds from looking unkempt, a metal fence will surround the grounds. By the winter of 1890 the heating system does not work.

In April 1897, the city hall is crumbling; exterior bricks are falling off because of a water problem. It is hoped that the repairs will be permanent. However years later the foundation and building are starting to deteriorate and more funds to fix the building are requested to fix the building. By October 1907 the foundation of the building has been repaired. The library walls have cracks and it will be reopened next week once the repairs are completed. In 1911 it is recommended that the library be moved from city hall. After requesting \$35,000 to enlarge the city hall, the bond does not pass and by March of 1913, the city is looking for a new location for their city hall.

In May 1913, at a cost of approximately \$49, 000, the new city hall, located on Jackson and Silver Streets and designed by famed Chicago architect JOHN D. CHUBB is a structure made of limestone and red brick with terra cotta detailing. The front entrance faces Silver Street. The larger part of the basement will be used as jail quarters. The smaller part of the basement will be used by the library as a children's room. The most distinct feature of the new city hall is the soaring 100 foot clock tower (formerly on the Fire Hall) with its baroque style architecture. The face of the clock is 7 feet in diameter. The hands of the clock will be changed by city workers.

In May 1914, the city needs to enlarge the city hall, and three more lots will be required. A warehouse and a residence, purchased for \$10,000 must be removed. Some of the offices will be moved temporarily to the fire hall and the library to the high school. Once the renovations are completed city officials want women to know that a "comfort" room is available. The city is fixing up the lot located east of the city hall to be used as a park for all her citizenry.

In 1929 city officials placed in large letters "Negaunee" on top of the city hall to help navigators in airplanes.

Happy 30th Anniversary

My how time flies when you are having fun! The Marquette County Genealogical Society is celebrating their 30th anniversary. On 23 September 1988 twenty-one charter members started with aspirations for a new genealogy society in the remote region of Michigan's Upper Peninsula. Stephen B. Barnwell, Steven F. Belanger, Judith Brown, Dave Curtis, Mary Jo Dobrzanski, *Mary M. Ernsberger, *Ebba Ghan, *Kay Grady, *Lanny J. Headley, Lynn Hiti, *Joan M. Kapeller, Donn Kipka, Rosemary Michelin, Chris Moffat, Carron Moneyhan, Ruth A. Murk, Florence Olivier, *Wesley Perron, Rochelle Salke, *Elizabeth Shirtz, *Donald Small, Margery Small, Joseph M. Trehella, Judith Webb, Sherrye Woodworth, Phyllis Zaenglein and Diana Ziolkowski.

*Deceased

STEVEN BELANGER (former member)—I put an ad in the local newspaper, the Marquette Daily Mining Journal wanting to contact people who were interested in organizing a local genealogy society. Since no one had any experience with starting a society we were put in contact with DAVE CURTIS, a librarian in Escanaba. He had experience with the why's, how's and ways of starting a society. (Former member)

LYNN HITI (former member)—I had two grandparents that were born in Marquette County one was Basil Bishop who was an early settler in the county. I joined the society to find out more about the ancestors and the area where they lived.

ROSEMARY MICHELIN—in the spring of 1987 a genealogy workshop was planned at the Peter White Public Library. The sessions were conducted by LINDA PANIAN from the Marquette County Historical Society, a staff member from the library, CARRON MONEYHAN from the Latter-day Saints (LDS) Family History Center in Marquette, BETTY BELLOUS and DAVE CURTIS who published a book on his Curtis family. From that workshop, discussion followed about forming a genealogy group. Our meetings were held at the Peter White Public Library. In September of 1989 JUDITH WEBB published the first newsletter and soon after that SHERRYE WOODWORTH designed the logo for the "Lake Superior Roots."

I didn't know any of the people attending the early meetings but soon had many new friends all interested in genealogy. KAY GRADY and JOAN KAPELLER became close friends, STEVE BELANGER, DON and MARGE SMALL, MARY JO DOBRZENSKI, CARRON MONEYHAN, DONN KIPKA, SHERRYE WOODWORTH, JUDITH WEBB, FLORENCE "Pokie" OLIVIER, MARY TURVEY, MIDGE WATERS and many more. I am a very proud to be a charter member of the Marquette County Genealogical Society.

NORMA MILLER—I joined the year after the society formed. I saw the write up in the Marquette Mining Journal about a genealogy society being formed. Ever since I was about 7 years old I was bitten by the genealogy bug and I have always been interested in history. My recollection of why the society started was from the original members meeting and seeing each other at the Latter-day Saints (LDS) Family History Center in Marquette. I served as secretary for a term.

FLORENCE OLIVIER—my cousin STEVE BELANGER convinced another cousin JUDITH WEBB to join and then STEVE moved away and JUDITH WEBB didn't want to go alone so she convinced me to join. I remember DON and MARGE SMALL, MARY JO DOBRZENSKI and possibly SHERRYE WOODWORTH were early members.

MARGERY SMALL(former member)—I don't remember whose idea it was but SANDRA CADEN was one of our first presidents. I remember some the first members; SANDRA CADEN, MARY JO DOBREZENSKI, KAY GRADY, FAY GWINN, PAT and BEN HASSENGER, JOAN KAPELLER,

MIICHAEL LaTULIP, ROSEMARY MICHELIN, NORMA MILLER, CARRON MONEYHAN, FLORENCE OLIVIER, MARGARET SEAMAN, JUDITH WEBB and SHERRYE WOODWORTH. In 1982, my son and daughter-in-law were curious about my late husband Don's two deceased sisters. At the time we were living in Arizona and when to the Latter-day Saints (LDS) Family History Library in Phoenix, unfortunately we couldn't find any information regarding our families. In 1988, when the society was formed we still hadn't found much information however a member of the new society recommended a research library in New Hampshire that focuses on French-Canadian research. Both Don and I had many French -Canadian ancestors. Our daughter Mary lived in Vermont so we drove to New Hampshire. Lo and behold, the founder of the society ROGER LAWRENCE was a fourth cousin to Don.

Many friendships were made through our involvement with the society many of those friends are no longer with us. The main reason for our research was to help the younger generation to know one another and pass out the information we had gathered.

In closing she wishes us a *Happy Anniversary* and to keep going strong as the younger generations will be grateful.

MARY TURVEY—I was living in Munising and started doing French-Canadian research in 1983, after my son John was assigned a family chart in 8th Grade. I was not at the first meeting but began driving up to the meetings shortly after. For a short time I did take minutes but found driving from Munising to Marquette at night in the winter was not making me reliable. I moved to Marquette in 1992, when DONALD and MARGERY SMALL, FLORENCE OLIVIER and JUDITH WEBB were still attending meetings, along with an educator from Rock who had a huge research file of French-Canadian families...all were of immense help to me. Since that time, the huge amount of research data provided, the workshops, devoted leadership and dedicated members have made the society the continued success it is today.

MARGUERITE "Midge" WATERS (former member)—I remember researching through our resources at the Peter White Public Library, which was the closet across from the Shiras Room. When they renovated the Peter White Public Library we moved to our own space down on West Spring Street (and we had to furnish our own chairs!) I helped FLORENCE "Pokie" OLIVIER man the store front. Our newsletters were filed in a closet type room, and when we weren't helping with queries, I read through many of those issues trying to learn about genealogy. I remember the meetings at the American Legion Hall (located on Bluff Street), with SANDY CADEN, SHERRYE WOODWORTH and the MORINS.

JUDITH WEBB—it was kind of my idea, talking to others who wanted to research their genealogy. I took a class at Northern Michigan University with JANE RIVORD and got an idea that we could do the same thing. The Marquette County Genealogical Society started out very small and then just kept growing, I remember DONALD SMALL as one of the early members.

SHERRYE WOODWORTH (former member)—I had just moved to Marquette and saw an ad in the newspaper for an organizational meeting of a genealogical society. I attended the meeting that night and the society was formed that evening. DAVE CURTIS was elected our first president at that meeting. CARRON MONEYHAN was elected vice president; she was the librarian at the Family History Center in Marquette. KAY GRADY was elected as the treasurer and JOAN KAPPELLER was elected as the secretary; MARY JO DOBRZENSKI was our first member-at-large.
