SASKATCHEWAN GENEALOGICAL SOCIETY
BOX 1894, REGINA, SASKATCHEWAN, S4P 3E1

The SASKATCHEWAN GENEALOGICAL SOCIETY (S.G.S.) was formed in February 1969 with the following aims:

- (1) to promote the study of genealogy and genealogical research within the Province of Saskatchewan;
- (2) to build up a library of genealogical guides and handbooks, reference sources, and family and local histories, which would be available to all members;
- (3) to publish the BULLETIN which would be the official publication of the Society and which would include articles on genealogical research etc., and which would serve as a vehicle for members' queries;
- (4) to establish ties with other genealogical societies for exchange of ideas and information, etc.;
- (5) to establish seminars and workshops on genealogical research and methodology.

The BULLETIN is published quarterly. Deadlines for material presented for publication will be 15 February, 15 May, 15 August, 15 November. Material should be sent to the Editor in a form for immediate use if possible. Manuscripts should be fully referenced and signed.

ARTICLES published in the S.G.S. BULLETIN may be reprinted freely, except for copyright material reproduced from other sources. A credit line will be appreciated. A copy of the publication containing the material is requested.

OPINIONS EXPRESSED in articles by contributing writers do not necessarily represent the point of view of the S.G.S.

MEMBERSHIP is for the 1986 calendar year at \$15.00 per family, \$12.00 for senior citizens. Subscription to the BULLETIN is concurrent with membership.

QUERIES of reasonable length are published gratis for members. Non members may submit queries of up to sixty (60) words in length for a fee of \$5.00.

MEMBERS' INTERESTS is published for members only.

DONATIONS to the S.G.S. may be used as a charitable tax deduction.

OTHER ORGANIZATIONS ARE INVITED TO EXCHANGE THEIR PUBLICATIONS WITH THE BULLETIN.

CLAN HANNA, HANNAH, HANNAY NEWS REPORT:

The past year has brought the retirement from Council of Piper Major Sandy FOSTER and Robert Hanna MONTGOMERY. Both have been very active in Council and will continue their interests in the Clan.

More members are becoming interested in a Genealogy Directory. Overseas interest, at this time, has warranted a "Correspondence Register". This should be very helpful. Mrs. CLAY, 49 Pool Hall Road, Castlecroft, Wolverhampton, West Midlands, England can supply.

A Clan Register is under consideration. This would be available to members.

There is a genuine Hanna/h Tartan available through the treasurer - D.C. HANNAH F.R.I.C.S., 1 Revelston Place, Edinburgh EH4 3DT.

Rev. James A.M. HANNA ThM, The Manse, Oak Hill, Ohio 45656 U.S.A. reports he has copies of the reprint of Volume I - Hanna of Castle Sorbie, Scotland and Descendants available (433 pages).

NOTES FROM THE LIBRARIAN

SUMMER HOURS FOR THE LIBRARY: July and August only

-Closed on Mondays

-Tuesday - Friday: 9 - Noon
1 - 4:30 p.m.

Statistics for January to 9 May 1986: -1,250 people visited the library in person
-3,000 library books have been mailed out.

1. Cost of prints for microfiche and microfilm are now \$.40 each due to increase in printing fees at the Public Library where we do the work.
2. Please note the new form and fees for mail-in searches for the IGI.
3. OVERDUE BOOKS: Unfortunately there have been too many overdue books this past while so many notices had to be sent out. Should this trend continue we may have to consider fines PLUS a fee for notices sent!
4. RESERVE LIST: Whenever requests come in from patrons for books not in the library we place your name on the reserve list for that book and write RES beside the request we return to you.
While we have duplicate copies of some of the books others are no longer in print so there can be as many as 10 people ahead of you. Please help by returning your books promptly.
5. CENSUS, HUNGARIAN or LOISELLE SEARCHES by mail. FEE - \$10.00.
For this \$10.00 fee we will do up to 2 hours of searching. Should it take longer we will try to estimate the time required at \$6.00 per hour. There are no prints from the census because much of the film is too poor to copy but we do have forms which we will fill in for you.
6. Note - we have 1891 Census Forms available for sale at 20 for \$1.00 plus \$1.50 for postage and handling. See the order form in this BULLETIN.
7. We ask that from now on members borrow books individually rather than through their branch as we need to have the books back promptly. Branches will continue to have blocks of books from the Floater Collection for months at a time.
8. We have the 1891 Manitoba Census on order. It should arrive before the end of June. Regina Branch has provided the funds for this purchase.
9. The Society now has a number of International Reply Coupons on hand. Should you wish to purchase some from us send \$.90 per Coupon plus a stamped self-addressed envelope. When using Coupons you need:
 - 1 International Reply Coupon for the United States
 - 2 International Reply Coupons for Australia and Europe
 - 3 International Reply Coupons for the United Kingdom and Ireland.

*** MISSING BOOK: If you received "The National Genealogical Society Quarterly" with your Library List - please return them to the library. These were mailed with your list so that we could qualify for the library rate.

Laura HANOWSKI, S.G.S. Librarian

*** PLEASE!!! - Always remember to include an S.A.S.E. with your correspondence even when making requests from the S.G.S. Library. Our Postage expenses have been astronomical!

THE SASKATCHEWAN GENEALOGICAL SOCIETY

CONSTITUTION

- I. NAME: The name of this Society is "The Saskatchewan Genealogical Society Inc."
- II. PURPOSE: This Society has been formed:
1. To promote, encourage and foster the study of genealogy and original genealogical research in the Province of Saskatchewan, especially as related to Saskatchewan families.
 2. To collect and preserve in a library and archive information, as in books, manuscripts, typescripts, charts, maps, photographs, photostats, microfilms and related material, relevant to such genealogical, historical and biographical study; to index and catalogue the same and make such information readily available to members of the Society and to other persons, as may be provided in the By-Laws.
 3. To maintain an index of similar material which may be preserved in other libraries, archives, museums and similar institutions, for the guidance of members and others authorized to use the facilities of this Society.
 4. To encourage and instruct members in the ethical principles, scientific methods and effective techniques of genealogical research and to defend the standards of genealogy from incompetent and disreputable persons.
 5. To enter into friendly relations with other Societies having a similar or related purpose, in Saskatchewan, other parts of Canada or in other countries and to cooperate with them in promotion of our common interests.
 6. To publish and distribute books, bulletins, and other printed material as, from time to time, may be decided by the membership or the Executive Committee.

III. MEMBERSHIP:

1. Ordinary Membership may be extended to any person interested in promoting the purposes of the Society on payment of the annual fee.
2. The Board of Directors shall have the right to refuse to admit any person to membership because of unethical practice in genealogy.
3. Membership shall be deemed to have lapsed if a member's annual dues are not paid within thirty days of the due date, but may be immediately revived upon payment of such dues.
4. All members in good standing are entitled:
 - a) to attend and to vote on any issue raised at any general meeting of the Society.
 - b) to be eligible for election to any office on the Board of Directors of the Society.
 - c) to receive one copy of any bulletin or periodical of the Society, without charge, and to insert one brief notice or enquiry in such bulletin or periodical, without charge.
 - d) to have access to the Library and Archives of the Society and to use any of the printed works, manuscripts, typescripts, documents, maps, photos, microfilms or other related material therein, in accordance with regulations which may be made hereafter in the By-Laws.
5. Life Memberships may be granted to any person on payment of a fee of not less than \$200.00 (Two Hundred Dollars); such Life Membership being subject to the same conditions and privileges defined in paragraphs 2 and 4 of this Article, above.
6. Honourary Memberships and Honourary Officerships may be conferred upon non-members who have been of special service to the Society or who have been, in the opinion of the membership, worthy of recognition for their contribution to the cause of genealogy in general.

IV. OFFICERS AND ELECTION:

1. The Officers of the Society shall be:

President
One or more Vice Presidents
Secretary
Treasurer
Editor of Publications
Librarian and Archivist
Membership Secretary

2. There shall be from six to thirty six directors, six of which shall be elected for a three year term, with two retiring each year, and the remaining directors shall include the chairperson or elected representative of each Branch to be elected for a term of at least one year. Any director may be elected for a second term.
3. All Officers and Directors must be members in good standing at the time of election but will cease to be Officers or Directors if for any reason membership should lapse.
4. The Officers and Directors together shall constitute the Board of Directors of the Society.
5. The Officers and two Directors will be elected at each Annual General Meeting of the Society. Officers will be eligible for re-election without restriction and Directors are eligible for re-election for a further three year term when their terms expire.
6. Such Executive Officers and newly-elected Directors will assume office immediately at the conclusion of the Annual General Meeting and Executive Officers will continue in office until the conclusion of the next Annual General Meeting, at which time also retiring Directors will retire.
7. In the event of a vacancy occurring during the year, it will be filled by appointment of the Board of Directors and this person so appointed will serve for the remainder of that year, being subject to confirmation in office by election at the next Annual General Meeting.
8. The Board of Directors may appoint such other officers as may from time to time be required for the effective fulfillment of the Society's purposes, subject to the provisions of the By-Laws.

V. MEETINGS:

1. There will be an Annual General Meeting of the Society and there will be an Annual Seminar by the Society in each calendar year, at times and places to be determined by the Executive Committee.
2. A General meeting may be called by the President at any other time of the year to deal with matters of urgency, by decision of the Board of Director or by request in writing of any twenty members to the President; such request to include the emergent reason for such a General Meeting, which shall be quoted in the President's notice to all members.
3. The Board of Directors will meet at the call of the President at least twice a year; one of which meetings

will be to plan the Annual Seminar.

4. At any meeting of the Board of Directors a quorum will consist of at least seven Members, one of whom will be the President or a Vice President, and at least one other will be another Executive Officer.
5. At any General meeting of the Society a quorum shall consist of all members in good standing of the Society present at the meeting.

VI. BRANCHES:

1. Any five or more members of the Society may apply to the Board of Directors for recognition as a local Branch of the Society. Only members in good standing of the Saskatchewan Genealogical Society are eligible for membership in a Branch.
2. Each Branch will elect at least a Chairman and a Secretary-Treasurer.
3. The Chairman of all Branches will be invited by the President to attend meetings of the Board of Directors or to delegate a Branch Representative in his stead.
4. Branches may plan their own meetings and programmes of activities without reference to the Board of Directors but will at all times be subject to the principles, purposes and policies of this Society in all their activities, as these are defined in this Constitution.
5. Additional funds may be required by any Branch, which may be raised by fee or subscription provided that such does not interfere with the regular obligation of members to the central treasury of the Society.
6. In the event of any Branch becoming dormant or dissolving any residue of funds will be sent by the Secretary-Treasurer of that Branch to the Treasurer of the Society and all records, accounts and files of that Branch will be deposited with the Secretary of the Society. If that local Branch should revive the said residual funds, records, etc., may be restored by action of the Board of Directors.

VI. DUES:

1. Annual dues are payable on January 2nd in each and every year.
2. The amount of the annual dues will be determined at the Annual General Meeting of the Society, on recommendation of the Board of Directors.

3. New members accepted after the first of October in any year will be credited with membership for the next calendar year without additional payment.
4. Any member who resigns his/her membership during the year will not be entitled to any rebate of annual dues for the portion of the year remaining.
5. Any local Branch of the Society may assess its members an additional sum required to meet essential expenses of that Branch but failure to pay this additional assessment will not affect membership in the Society, nor will payment of such assessment alone admit anyone to membership either in the Society or in the Branch.
6. That all members of any Branch must first belong to the provincial organization and pay the prescribed fee.

VIII. BY-LAWS:

The Board of Directors may enact such by-laws as may be necessary for the proper conduct of the business of the Society, such by-laws to have immediate effect until the next General Meeting when they must be ratified or rescinded by the membership. In like manner the Board of Directors may amend or suspend the effect of any by-law pending ratification of its action at the next General Meeting.

IX. DISSOLUTION:

In the event of the dissolution of this Society its assets, both financial and material, will be transferred to another non-profit association or society or public corporation as may be decided at the last general meeting or the last meeting of the Board of Directors, provided that items on loan to the Society will be returned to the owners or lenders; but such assets will not in any event be divided among the members of the Society at the time.

X. AMENDMENTS:

Any amendment to the Articles of this Constitution may be made by a two-thirds majority vote of the bona fide members of the Society at any regularly called General Meeting of the Society, provided that those present constitute a quorum as defined in these Articles: provided also that due notice of the proposed amendment shall have been submitted to the Board of Directors not less than sixty days before the General Meeting and mailed to all members not less than thirty days before the General Meeting at which time the amendment will be presented for decision.

THE FAMILY REGISTRY: A TOOL FOR CO-OPERATIVE RESEARCH

by Kenneth G. Aitken

INTRODUCTION

In the pursuit of information about our elusive ancestors many of us wish there was someone else we could share some of our research findings, our research problems and our research expenses with; someone who cares about Great-great-grandfather HAMBROOK, for example, as much as we do. Although there have been a number of research clearinghouse projects established in the United States, and there have been publications of genealogists and their research interests in many places, there is a new project underway called the Family Registry that is particularly attractive because of its scope, and its cost to the users. The purpose of this article is to describe the Family Registry, explain how to use it and how to register your research interests with the registry. Five locations in Saskatchewan that are repositories for the Family Registry will be identified.

The Family Registry is a new service available to anyone interested in genealogical research. It is offered without charge by the Genealogical Department of The Church of Jesus Christ of Latter Day Saints. The purpose of the Family Registry is to help genealogists find others who are doing research on the same family lines as they are. The genealogist can then contact the the other researcher to coordinate efforts and share results. The advantage is obvious: when one coordinates his research with others, the research is more thorough, and avoid costly duplication of research time, effort and expense.

For a family organization the Family Registry provides a way to tell others about the organization. Those interested may correspond with the group and support its research efforts.

For an individual wishing to coordinate research, the Family Registry is a way to inform others of his/her research activities and to find out what others are doing. The researcher can contact those working on the same family lines, and others can contact him.

For those seeking genealogical information, the Family Registry identifies individuals or family organizations researching common lineages.

The Family Registry service consists of two parts, registration and inquiry. We will discuss each part seperately.

register the names of deceased individuals you are currently researching. If you want to share information you have previously researched, you may also register those names. Others may then contact you to coordinate future research and share results. Active genealogical researchers may register by completing the Research Coordination Registration Form (PFGS2501), (See Figure 1). These are available at no charge from any of the libraries mentioned at the end of this article.

There are a few things to keep in mind in selecting "candidates" from your family tree for submission to the Family Registry. The names one wants to enter are those with the most descendants, therefore the further back in one's ancestry the person, the better the chances are that you might find someone whose research interests intersect with yours. This must be balanced against the fact that the more data you are able to supply on the registration form for a person, the more chances there are that someone else will recognize that person as one of his or her ancestors. Perhaps the best balance between these would be to identify your earliest ancestor on a family line, then prepare Research Coordination Registration forms for each of his/her children. Thus the entries would have at least three different names, perhaps four, for others to recognize, and several dates for events that you might not have found for the earliest ancestor. As there is no limit to the number of entries you can submit, if that 3rd great grandfather and mother had 13 children who survived to adulthood, you could register each, multiplying the potential points of intersection with other lineages considerably.

To maintain an individual ancestor's unique identity, the following information must be provided on the registration form:

- a) Surname
- b) At least one approximate year in one of the main data fields, such as birth, marriage, or death.
- c) At least one approximate locality in one of the main locality fields, such as birth, marriage or death.

Registration For Family Organizations

If you are involved in genealogical research as a family organization, no matter how small, you can register this organization so others who want to coordinate research, provide research or publication funding, or otherwise participate may contact you. If you are only just interested in forming a family organization, you may also register as a family organization. These registrations are entered on the Family Organization Registration Form (PFGS2512). A copy of this form appears as Figure 2. Family organizations may also register lines they are currently researching on the Research Coordination Registration Form.

There are basically two types of family organizations, and provision is made to register either kind (however only one organization should be entered per form).

research activity on common family lines. An example of this sort of organization is the Charles Ferdinand Conrad Family Organization which is made up of the descendant of this common ancestor and is involved in researching the descendants and ancestry of this man. Do not register grandparent or immediate family organizations centred around living individuals, because this information should already be known to the descendants.

- b) Surname Organizations which search records for a particular surname in a specified locality and period of time. The Hambrook Family History Society, for example, is registered as this type of family organization.

Searching the Family Registry

The registrations previously discussed are entered into a computer program and sorted alphabetically according to the surnames being researched. The resulting index, now containing in excess of 110,000 entries, is published in the form of computer-output-microfiche in cumulative editions three or four times a year and sent to libraries in the LDS church's Branch Genealogical Library system, and to participating genealogical and historical societies and libraries where it may be consulted. The Family Registry index alphabetically lists the surnames being researched, the identifying names, dates and places and the names and addresses, and often, telephone numbers of those who have registered them. If more than one person registers the same ancestor, both registrations are included because the policy is to include all properly completed registrations. The data is arranged as in Figure 3, a representation of a frame from a Family Registry index microfiche.

Where to Find the Family Registry Index and Obtain Forms.

At present the author is familiar with five locations in Saskatchewan where the Family Registry index is available for searching, and where registration forms are available. Serving the Saskatoon area, the Saskatoon Branch Genealogical Library of the Church of Jesus Christ of Latter Day Saints, 1429 10th Street, Saskatoon, has the Family Registry index and registration forms. In Moose Jaw genealogists can consult the Family Registry and obtain forms from the Moose Jaw Auxillary Genealogy Library of the Church of Jesus Christ of Latter Day Saints, 15 Park Drive West. In Regina there are three locations for the Family Registry:

- a) Regina Auxillary Genealogy Library of the Church of Jesus Christ of Latter Day Saints, 550 Sangster Boulevard.
- b) Saskatchewan Genealogical Society Library 1870 Lorne Street (2nd Floor) or P.O. Box 1890, Regina
- c) The Prairie History Room, Regina Public Library,

For those who cannot get to one of these five locations, they may obtain registration forms (please specify by correct title) from any of the these locations. The Prairie History Room will accept mail queries to search the Family Registry for a specific surname and photocopy relevant pages for \$.10 per page if payment is included. The SGS Library might undertake the same sort of search upon request, but one would have to arrange for this with the Librarian first.

CONCLUSION

The Family Registry program is a particularly attractive one for the genealogist. The service is free, the registration is ongoing, with several updates a year at present, and index is very easy to use.

Some concerns have been expressed to this author as to whether information submitted to the Family Registry would be used to do temple ordinances of the Church of Jesus Christ of Latter Day Saints. I have been assured by the Family Registry Unit of that Church that the data submitted would not be used for those purposes. That however does not mean that individual ancestors registered in the Family Register might not already be, or eventually appear in the International Genealogical Index through some other route.

Registration will not be used to generate a list of people who will be visited by two smiling young Mormon missionaries. Their appearance on your doorstep would be purely coincidental.

There are no strings attached , but there is an obligation or responsibility on the part of those who register. Those who register their research interests are expected to respond to those who contact them. And those who contact researchers found in the registry should include a stamped, self addressed envelope, or similar reimbursement for a response, and be prepare to pay for photocopying material they request from registrants. The Family Registry is not to be used for commercial purposes. Those seem reasonable expectations of users of the system.

AN INDEX SHOULD BE USED WITH CAUTION

by Nora SUTTON

I don't think too much can ever be said regarding indexes. I would like to relate a few instances during my years as a researcher in using indexes.

The good old IGI is a tremendous tool in its own right but it has its errors due partially to human error. One needs to understand that most of the IGI is made up of entries taken from church and vital records that are typed into the computer by typists trained to read the handwriting. However, just as today there is sloppy handwriting, so it was when the records were made. It is possible to misread a name and then be entered into the IGI incorrectly. Hopefully this kind of instance is in the minority but I have found it. Once, not long ago, I was researching a JONES family. The Chippenham, Wiltshire Church of England records have been typed and are in the IGI. I had found John JONES in the 1861 census and also had his marriage certificate which stated his father as John. I found his brothers and sisters in the IGI and by all rights John should have been there too and since he was the ancestor it was imperative to find his birth. Looking at the original baptism entries I did find John the son of John but it was clear the typist had misread this name as JAMES and this is somewhat understandable because there were also JAMES families in this parish as well as JONES.

Another classic instance was when I was helping a friend in Swift Current. If I remember correctly according to family records Jane Gillespie was married to Archibald Tweedle in Cumberland County, England. The IGI has an Archibald married to Jane RASBY in 1809. When I checked the original parish records I discovered the typist had misread the GL of the abbreviated form of GLASBY (GILLESPIE) for an "R". These are only but two instances and I am sure they are two of many.

The other instance I want to tell the readers about are indexes of vital records, in this case marriage records from a Michigan County court house. A certain man had written me to help him find his grandparents' birth place in Finland. They had married and settled in Michigan but I felt it odd that he didn't have their marriage record since Michigan has wonderful vital records. This was a case where my client had previously paid a researcher \$250.00. The researcher had used the time unwisely and painstakingly went through each parish in Vaasa County, Finland to find the birth of Leander Hanson - parentage unknown - and was unsuccessful. This is another lesson one should learn - first exhaust sources on this side of the Atlantic before jumping into foreign records. Anyway, the marriage should have taken place in the 1880's and the index revealed no Leander Hanson so I then went to the original records and found not Hanson but Leander Slota - his Finnish name which is all one needs to find his residence before he immigrated. His marriage record also gave his parents' names. In two hours I had the line open and found him with his parents in Finland. The reason the other researcher had not found a birth record for him was because there were no birth records on film for that particular parish, only a communion record which is like a census of a parish and the marriage record gave the clue.

I hope the readers will understand that indexes by themselves can be a big let down if used on their own. A little extra time in the original can sometimes help. Of course this is not always the case, in genealogy nothing is either black or white. Try not to be in such a hurry as to overlook the possibility of human error or of a different spelling that an index won't reveal. It's worth it in the long run.

Genealogy

SASKATCHEWAN GENEALOGICAL SOCIETY

The SGS was formed in 1969, to promote genealogy in the province and to provide genealogical resources to its members. In keeping with these goals, the Saskatoon Branch and the SGS are proud to host the 1986 Annual Seminar.

PRESENTORS

Arlene Eackle, president and founder of The Genealogical Institute in Salt Lake, is a professional genealogist specializing in middle Atlantic states ancestry, southern ancestry and tracing immigrant origins of Americans. She is well grounded in general genealogical applications. A prolific writer, she was general editor for *The Source: A Guidebook for American Genealogy*.

Ken Aitken a true armchair genealogist, has practised genealogy from Saudia Arabia. He publishes the *Hamburg Herald* as a result of his English research.

Marion Ghiglione, SGS Saskatoon branch Chairperson, actively promotes genealogy by teaching genealogy classes to beginners at the local community college.

Ken and Elaine Engel, founding members of the American Historical Society of Germans From Russia, Saskatchewan chapter, specialize in German-Russian genealogy.

Bernice Eresman, a founding member of the Moose Jaw SGS branch, has traced her roots to 1653 Quebec and further back in France.

D'Arcy Hande, an archivist with the Saskatchewan Archive Board has extensive experience in Scandanavian genealogy as well as Saskatchewan history.

Laura Hanowski, the SGS librarian, has extensive knowledge of the genealogical resources held by the Church of Jesus Christ of Latter-Day Saints.

Ann Jensen has an extensive background in Irish and Scottish genealogical research.

Shawn Mooney CGRS, a professional genealogist lecturer, and vice- chairman of the Saskatoon SGS branch is knowledable of eastern European genealogy.

Bob Pittendrigh, a founding member of the SGS, specializes in Scottish genealogy. He has had several pieces of his work published.

Juliet Pollard, a U of S professor, specializes in Canadian social history (especially childhood and family) and has researched native and Metis history.

Ron Thompson has extensively worked on genealogical research in the provinces of New Brunswick and Nova Scotia.

BOOK REVIEWS

CATALOGUE OF SOURCES FOR GENEALOGICAL RESEARCH, IRELAND

Journal of the Caraher Family History Society, No. 6, November 1985, 59p. L6.50.
Donated by Caraher FHS, 71 King St., Creiff, Perthshire, Scotland, PH7 3HB.

This delightful book may seem a might overwhelming at first glance but it is a must for all those searching their Irish roots.

For example: p16 lists an address for the Canadian Emigrant Index - about 10,000 references to Canada for the time period 1794 - 1974.
Should you wish to contact F.L. LEESON be sure to include 3 International Reply Coupons.

Reference is also made to many sources already contained in our library. Study the listings carefully as there are many books listed that you could obtain through inter-library loan at your local library.

The topics discussed in this book are arranged in alphabetical order making it easy to find items you may wish to re-check. The one negative aspect to the book is that the printing is very small making it a challenge to those of us who are still avoiding the use of glasses!!!

GENEALOGICAL RESEARCH DIRECTORY

JOHNSON, Keith A.; SAINTY, Malcom R. 1986, 784p.

The Saskatchewan Genealogical Society Library recently received the 1986 edition of the Genealogical Directory which contains 8,220 entries from 548 Canadians as well as many more from other countries around the world. Many of our members have placed queries in this directory or have answered queries found listed only to discover relatives they did not know existed in other parts of the world. A pleased member from Moose Jaw answered a query placed by a person from New Zealand who in turn put him in contact with a chap in England who had done work on the family dating back to the 1500's. Fortunately, this member had worked his own pedigree back to the early 1800's and could link up with two names on the old chart. The English contact also was able to supply local history about the village where their common ancestors had come from. Another member hoped he had hit the jackpot as well but a check in the contributor's page showed it was his brother seeking the information!!

*** Remember: If you are answering a query always enclose funds for postage or International Reply Coupons.

WRITE IT RIGHT: A Manual For Writing Family Histories and Genealogies.
BARNES, Donald Ray and LACKEY, Richard S.. Published by Lyon Press,
Ocala, Florida, 1983. (Order from D.R. Barnes, Associates, Box 5755,
Rockville, Md., 20855-0755), 138pp indexed, \$6.00 plus \$1.50 mailing.

This is a pocket sized book in large print written as a companion to Cite Your Sources. You do not have to plow through great quantities of verbage to get the answers you need. The authors have given all the answers to one planning on writing a family history that requires the answering of a lot of fundamental questions.

The book contains 138 pages with chapters on Preparing To Write, Purpose In Writing, Numbering Systems for Genealogies, Outlines for Genealogical Writers, Writing the Text, Citations and Bibliographies, and Mechanics. At the end of the text there is an article on a Maryland settler, Philip LEWIN, showing how research notes can be converted into a clearly written and fully documented genealogical account.

The inclusion of a complete Table of Contents, a Glossary of Terms and an Index permits the user to locate easily the advice given regarding all aspects of genealogical writing. Write It Right has been written for all genealogists and historians to assist them in putting their family history or genealogy, article or book into proper written form.

John Frederick DORMAN, F.A.S.G., in his introduction, notes that the authors have recognized the necessity of encouraging proper genealogical writing. He suggests that persons use the advice in this book to produce accounts which will stand for years to come as authoritative presentations and goes on to say that Write It Right fills a gap in the ever increasing list of genealogical manuals and is a milestone in genealogical bibliography. Highly recommended.

PETER ROBINSON SETTLERS

WANTED! Correspondence with descendants of Peter Robinson settlers, to obtain
human interest stories about their families for a new book.

Author Carol BENNETT (Ottawa Branch, O.G.S.) has recently received a grant from
the Ontario Arts Council to assist her research for a book on the above. The
publication should be of great help to genealogists, listing places of origin
in Ireland, locations in Upper Canada, names & ages of the settlers on arrival,
human interest stories about the settlers and their descendants.

The work will cover families who came to the Bathurst District in 1823, and to
the Newcastle District in 1825. Newspaper advertising has brought forth a good
response from the Peterborough area but a disappointing number of replies from
the Ottawa Valley, where thousands of P.R. descendants still reside.

Any descendants of either group are urged to contact Mrs. Bennett at R.R.2,
Renfrew, Ontario K7V 3Z5.

S.G.S. BRANCH NEWS

GRENFELL

At the January 1986 meeting there were 15 members present. The group had use of the old IGI and a reader for this meeting. The Program Committee presented ideas for the new term and asked for any suggestions from the members. The Library Lists were handed out along with a card for use at the S.G.S. Library.

There were 15 members present again at the February meeting. Since membership had grown too large for meeting in most homes, consideration was given to finding something else that would be suitable - the Friendship Centre was the most likely prospect. At this meeting a couple of N.F.B. films were shown on immigration from the British Isles 1800-1900.

At the March meeting Ethel BOX, representative to the S.G.S. Bd. of Directors, reported on the March 1st Board meeting. The Friendship Centre will be the meeting place until the end of 1986. This change resulted in a change in the meeting night from the 1st Thursday to the 3rd Tuesday of the month. Eight members had attended a Community College Genealogy Class by Carl BEUHLER at Rocanville on Sat., 7 March 1986. Lane ENGLUND gave an interesting report on a visit she made to the United Church Archives in Saskatoon.

There were 16 members and 1 visitor present at the April meeting. The proposed membership policy of S.G.S. was discussed. Also discussed was the members' expectations from the S.G.S. and local representative to report to the branch. A member reported on "House Logs". Lane ENGLUND and Audrey TENNANT had done a great deal of work on their presentation: "How to Plan a Family Reunion". They included pictures and printed headings. It was a thorough and effective presentation.

1. Someone has to be the spark.
2. Focus can be - wedding anniversary
 - funeral
 - special event
3. Consideration must be given to all ages, where to be held, food, lodging and recreation. Organization and delegating different jobs to as many people as possible. Color coded name tags for different families is a help.

RADVILLE

Summary of Radville Branch meetings since October 1985:

October: We went to the municipal office and Gordon YOUNG talked on records and information that is available there for genealogical research. Also on October 24th five of our members went to the S.G.S. Library and the Public Library in Regina.

November: Three of our members went to tour the L.D.S. Church in Moose Jaw. At our regular meeting Robert DECOSTE talked on Acadian Settlements and history.

December: We held our annual Ethnic Supper, which was an enjoyable evening with very good food. We drew for the quilt that we made as a money raising project.

January 1986: After our regular meeting we set up the displays for our Seminar. On January 11th and 12th we held a Seminar with members bringing their material to put on display, open to the public.

February: Laura HANOWSKI gave a very informative and interesting presentation on researching in Canada. That afternoon and evening, members from Weyburn, Pangman and Radville had the use of micro-fiche and film readers, also books from the S.G.S. Library.

March: After our regular meeting some members spent the evening recording Laurier Cemetery records.

April: One of our members, Janice TRENOUTH, gave a very informative and interesting talk on "How and Why I Wrote my Book" telling us how she went about writing her Family History Book.

May: For our May meeting we plan to meet at the cemetery to continue working on the cemetery records.

June: In June we will plan some future meetings with all members partaking in the program more fully by giving presentations.

ESTEVAN

An organizational meeting was held in November of 1985 and a letter was duly sent to S.G.S stating our desire to become a Branch. It wasn't until 19 February that we were able to call our first meeting (and we picked the coldest night of the winter). We were lucky to have 4 of our 7 members present. We decided to hold meetings the first Monday of the month which suited members better. It was also decided that Alice PAWSON would act as chairperson and Jean DORNIAN act as secretary until such time as we had enough members present at a meeting to hold election of officers. A general discussion was held dealing with member's particular interests in genealogy.

Our second meeting was held March 3rd with 5 out of 9 members present. The Board of Directors meeting in June was discussed then tabled until the next meeting to see if we could get a car full of members interested in visiting the S.G.S. Library to go along.

Meeting time changed once more in order to accomodate new members who had other commitments on the first Monday, to the second Monday of the month. A general discussion was held on a variety of genealogical subjects with Barny KUCHINKA sharing his knowledge of family history and research.

Our third meeting was held April 14th with 8 out of 12 members present. It was decided that either Alice PAWSON or Jean DORNIAN should attend the Board of Directors meeting in Regina in June as it would help us gain more knowledge into the S.G.S. It was hoped they could arrange for other members to go along who might want to do some research at the library.

One member showed interest in attending the Saskatoon seminar in October. We will bring this up at a future meeting in case anyone else may be interested.

It is hoped also that we can get a full car to go to Weyburn on April 30th to hear Angus BAXTER. We understand it would be well worth the effort.

The Halbert's Fraud, published on page 42 of the Bulletin was brought to our attention by Alice PAWSON. Her son in Calgary received one of the letters and he passed it along to his mother. It was passed around for members to look at. Chris COSSETTE said she had written a letter of complaint about the

book purchased by a member of the family; she received no reply.

The core books are ready for members use. Barney KUCHINKA brought them to the last meeting. He also brought two reference books he had just purchased and passed them around for members to look at. Barney was also very obliging with his information. For the most part, we are all very new to genealogical research and working through our own resources. Now with our introduction to the S.G.S. we look forward to further rewarding research. Our next meeting will be held on the 12 May 1986 at the Estevan Public Library at 7:30 p.m.

- reported by Jean DORNIAN, secretary

SASKATOON

Attendance: Feb. - 42, March - 44, April - 32 members and guests.

Since the first of the year we have been putting out a monthly Branch Newsletter. This was a trial project but seems to be well received by the members.

Business at the meetings has dealt mostly with plans and reports for the Seminar and a series of meetings have been held by the Executive to make plans for it too.

Branch Projects are progressing and we hope to have some completed by Seminar time.

A Membership File Box has been introduced. Each member will have a file in the box and the Newsletter and other material for that member will be put in their file. This box will be stored at our Library and members are encouraged to check their file at each meeting.

*** A letter was received from City Hospital inviting anyone who had been born at the hospital to register and join their "BABY ALUMNI". They are compiling a series of books "BABYBOOKS OF BIRTHS" which will be on display at the hospital.

The programmes have been very informative:

February - Rev. Dale MORRISON, former member and chairperson of our Branch was our guest. He chose for his presentation, "Goofs, Gaps & Guesses" and shared his experiences in writing and printing his family history. As well as getting information by correspondence he had travelled, visiting relatives and places that were rewarding.

March - Shawn MOONEY played a tape of Brian GILCHRIST's presentation at the 1982 Regina Seminar on "Searching in Ireland". After the tape, Programme Convenor, Marlene MAHONEY, asked members to tell about the material they had brought on England, Scotland, Wales and Ireland. This was put on tables and the rest of the time was spent browsing.

April - Dr. Bill WEISER from the Dept. of History, U. of S. was guest. Dr. Weiser taught a class in Northern Canadian History. He spoke on the Klondike Goldrush, the Growth of Dawson City and gave us information on sources to use in tracing ancestors who might have been in that area. He had spent time researching in that area and showed many slide of his working there.

- reported by Evelyn BALLARD, secretary

(*** Please take note of this announcement from Saskatoon.)

REGINA

The Regina Branch of the S.G.S. is in the process of planning for a picnic and cemetery recording at LeBret, Sask. on June 1.

On March 10 we were treated to a talk on research in England and Wales by David MARSHALL. He was most interesting and informative. The second meeting in March we had Margaret DODSON speak to us on the United Empire Loyalists.

In April we had Garry HUSUM as a guest speaker on Scandinavian Research at our first meeting. On April 22 members came with their problems in Research in Canada and members of the group offered their help in solving them.

For May we have only one meeting with a panel speaking on filing, photography and cemetery transcribing. Preparation for the picnic.

Our membership is now 132. Because of the size of the group we increased our executive by three executive assistants: Margaret HILDERMAN, Norma LINDSTROM and Dave POLLOCK.

The next meeting will be held Sept. 23 at the S.G.S. Library.

reported by: Marge THOMAS

PANGMAN

Pangman started the year with an ethnic supper before their January meeting. Joyce CATHERWOOD has completed several cemetery lists and has sent them to the library in Regina. During the February meeting it was reported that we have ten paid up members, with one new member. Members should remember to take their membership cards when they go to the Genealogy Library in Regina. During the March meeting a discussion on a display table was held with several ideas coming forth. Heather FELLNER showed a video of the Pangman Heritage Days celebration. Laura HANOWSKI was a guest speaker at the April meeting giving us very interesting information and displaying binders she had put together from her trip to Salt Lake City. Marie SVEDAHL was also a guest and answered several questions.

reported by: Edith BERNARD

BIGGAR

The Biggar Branch is now 1 year old and we had a very active year. We have a membership of 15 for 1986 which includes 1 family membership.

We have been meeting on a monthly basis. We held a couple workshops: 1. Maps, atlases and gazetteers; 2. Canadian census. We had a special guest at our last meeting who also joined up as a member, Mr. Archie AFFLECK. Mr. AFFLECK told us about the numbering system he used for keeping track of all the descendants of his progenitor.

With the receipt of the Core Books we set up the position of Librarian. MaryAnn ASSAILLY offered her services to look after the collection. A list of the Core Books along with Biggar Branch books has been distributed to all our members. We have also acquired some of the books in the floater collection. Our members have been making good use of the Core Books and those in the floater collection.

We set up the position of custodian of obituaries which is filled by Cliff FISHER. Cliff is looking after the clipping of the obituaries from the BIGGAR INDEPENDENT for 1986. These will be indexed and sent to Regina at the end of 1986.

To celebrate Saskatchewan Heritage '85 last June we commenced the recording of the Biggar Cemetery. The recording was completed by the end of August. We then made arrangements with the town of Biggar to make use of the records they have for burials in the cemetery. After all the information was collected it was fed into a computer which generated an index along with a detailed listing containing 2,363 entries. Copies of the index and listing have been deposited with the S.G.S., town of Biggar, and the Biggar Museum and Gallery. Copies of the index were deposited with the Saskatchewan Archives Board, Regina and Saskatoon, the Public Archives of Canada in Ottawa and the Saskatoon and Regina Public Libraries, Prairie History Rooms.

We plan to continue the recording of the cemeteries in the rural area around Biggar, which covers the R.M. of Biggar and R.M. of Glenside. On 23rd April we made our first cemetery recording trip for 1986. We had nine enthusiastic members participating in the recording of Rosemount Cemetery, R.M. of Rosemount; Ev. Lutheran Emmanuels, Gemeinde, Eignefeld and the Church of God cemeteries, R.M. of Glenside.

A couple of our members took along their cameras and took photos of the cemeteries, churches and other buildings located at the various cemetery locations. Perhaps when we are done we can put together an album with the pictures taken at the various sites. Many of these structures are no longer used and over a period of time many will no doubt disappear.

We have been in contact with a group who are compiling a local history. They have promised us copies of the cemeteries they are including in their history: Monarch Cemetery, Lizard Lake Cemetery and Louvain Cemetery.

With the publication of the Biggar CEMETERY INDEX, we placed an announcement in the local paper and expressed our interest in hearing from those individuals who are in charge of or who have records of a rural cemetery or know of private burials in farm yards or on farm land in the area around Biggar. It is hoped this will spark some interest with the public.

Shirley WILLIAMS represented our branch at the 1st March board meeting in Regina. Shirley came away impressed with the library collection and with the well qualified library staff. Shirley feels members should make a special effort to travel to Regina to make use of the excellent resources available in the S.G.S. Library.

Our local museum, the Biggar Museum and Gallery, has acquired a micro-film reader so our members are now going to be able to make use of the resources available on interlibrary loan from the various archives.

We have been receiving Newsletters from other branches for which we would like to express our appreciation. We had a discussion about our Branch publishing a newsletter but it was felt we should wait until our members are more experienced with genealogical research.

PRINCE ALBERT

The Prince Albert Branch has had a very busy and successful winter. On February 8th the branch participated in a Club Day at the J.M. Culenaere Library in Prince Albert. Several members collaborated on a display for the event and then manned the table to answer questions. The following week at our monthly meeting we were honored to have Maria CAMPBELL, writer-in-residence at the J.M. Culenaere Library, speak about her writing and how she has recorded family histories and anecdotes in her writing. She was very interesting and had some very good tips about recording oral histories which she shared with us.

Our branch has several projects under way. The program committee has met with the head librarian of the Wapiti Library system regarding development of a display on genealogy for circulation among its branch libraries. With this in mind a notice has been published in the Wapiti newsletter. In addition the P.A. Branch in conjunction with the P.A. Historical Society is co-sponsoring genealogical classes in the Prince Albert school system. Verna REDHEAD, who is a member of both groups, is organizing the classes which will be taught to students in various levels throughout the system.

The major project now under way is the indexing of marriages, births and deaths contained in the "Prince Albert Times", published from 1882 to 1895. Each members has a six month period to research and with this cooperative effort we hope to put together an index some time this fall. Once this is completed we hope to begin indexing the "P.A. Daily Herald". Jackie HOBBS has already made a good start on this task by indexing obituaries for 1980 to the present. Thanks for all the hard work Jackie.

The spring has continued to be busy, due in a large part to our hard-working program committee (Joan KARDASH and Jackie HOBBS). Upcoming agendas include a speaker from the P.A. Court House who will speak on materials available at the court house and how members can research these sources. With summer, and hopefully warm weather, at hand the Prince Albert Branch will adjourn meetings until September.

WEYBURN

The summary of our activities since the last report are as follows:

Our regular meetings continue to be well attended, averaging about 18 persons. Our membership stands at 33 with 13 of those members joining since the beginning of the year.

Our trial rented facilities did not attract the interest and use we had hoped so we have discontinued the service until fall and will be checking into other options and accommodations during the summer.

We are adding to our library holdings regularly and are purchasing several books for the S.G.S. Library as well.

The cemetery recording for the four Weyburn cemeteries is to be done in May by City Hall after they hire the services of a summer student.

Our newsletter, "Heritage Echo's", has been sent to all branches from the first copy and continuing to present.

Those of our members who were able to hear Angus Baxter at the Weyburn Public Library on 30th April were certainly treated to a wealth of information. Individual helps were also given after the lecture.

Activities from February to May included a session for the beginning genealogists of our group, as well as a question and answer session for the remainder of the group. A show-and-tell night was held which is always a popular encouragement to all in attendance. A speaker on the new LDS Library and its set up and facilities and improvements was welcomed by those of our members planning a trip there and prompted various questions from our newer members. A speaker from a local photography studio, discussing "Restoring Old Photos, with illustrations of the various stages of work involved.

Tentative plans for upcoming activities include a tour in June of the S.G.S. Library and Regina Public Library, a session of playing the trout game which is a game designed to trace one's family history, a fall workshop using the microfilm and fiche resources, a speaker relating numbering systems as well as preparing a display for the annual S.G.S. Seminar in Saskatoon on the 3rd and 4th October.

Please note our meeting place has changed: We will be meeting at the farm home of Charmaine and Harvey JOHNSON until further notice. Our meeting nights remain the same -- the last Monday of the month.

Write to the Public Archives of Canada, 395 Wellington Street, Ottawa, Ontario, Canada K1A 0N3 for an up-to-date list of microfilm-reel numbers for the passenger lists for Quebec City (1865-1908); Port of Halifax (1880-1908); Saint John (1900-1908); Victoria (1905-1908); and Vancouver (1905-1908). After you find the microfilm-reel number covering the date when your ancestor arrived at a port in Canada, you may borrow the appropriate reel from the Public Archives of Canada through the interlibrary-loan system of your local public library.

The Canada Employment and Immigration Department has comprehensive records of immigrants arriving at Canadian ports from 1908. Access to the post-1910 records is granted only with the permission of the immigrant or on proof of his/her death. Inquiries should be addressed to Records of Entry Unit, Canada Employment and Immigration Commission, Place du Portage, Phase IV, Hull, Quebec, K1A 0J9.

ADDRESSES OF UK FOUNDING HOMES FOR THE BRITISH IMMIGRANT CHILDREN BROUGHT TO CANADA:

(from NEWSLEAF, supplement to FAMILIES, Ontario Genealogical Society, Vol. XVI, #1, Feb. 1986)

Mr. Fegan's Home, James Fegan House, 1 Beulah Road, Tunbridge Wells, Kent, England TN1 2NP
tel. 08-92-3-8288. Baptist, for boys only.

BARNARDO Homes, Tanners Lane, Barkingside, Ilford, Essex, England IG6 1QG. Protestant, non-conformist, took both boys and girls. This Home has records dating back to 1870 of Annie Macpherson Homes, one of which was in Knowlton, PQ which she turned over to the use of her sister Louise Birt c1878.

Quarrier Homes, Bridge of Weir, Renfrewshire, Scotland - director Dr. Minto. Tel. B or W 224.
Baptist boys and girls.

National Children's Home, 85 Highbury Park, London N5, England. Tel. 01-226-2033. Methodist
boys and girls.

Church of England Childrens Bureau, Old Kennington Town Hall, London, England (formerly known as Waifs & Strays Society) founded by Miss Maria Rye for girls but later accepted boys as well. Taken over by C of E about 1897.

Crusade of Rescue & Home for Destitute Children, 73 St. Charles Square, London W10. RC boys and girls. Also, Rev. Hudson's Home, Coleshill, Birmingham, England. RC records may not be available in England as England relied on priests in Canada - mainly Quebec - to place and supervise children. The protestant homes on the other hand, established their own receiving homes in Canada, and all their records went back to the parent Home when the Canadian Homes closed down, generally during the 1940's.

MIDDLEMORE Centre, 145/151 Speedwell Road, Hay Mills, Birmingham B25 8HJ England. Tel. 021-772-2255.
Baptist boys and girls of Birmingham.

RC records are the most difficult to trace, - one could try Bishop's House in Montreal. Canadian Immigration records on juvenile immigration are available at the Public Archives of Canada, 395 Wellington Street, Ottawa, Ontario K1A 0N3.

SASKATCHEWAN GENEALOGICAL SOCIETY RESEARCH POLICY

The Saskatchewan Genealogical Society will do basic searches of Saskatchewan sources for a \$10 fee plus a stamped self-addressed envelope or 1 International Reply Coupon if you live outside of Canada.

Sources checked include:

1. Homestead index and file
2. Obituary index and file
3. Cemetery index
4. Newspaper index

If a location is known or found as a result of the above check we will also check:

1. Local and school histories
2. Henderson and telephone directories if they exist for that location
3. The Archives card index

If a specific date of an event such as a birth, death or marriage is known we will check the local paper to see if there is a note made of it. Please note that not all editions of all newspapers are preserved.

You will receive a written report of the research that has been done noting all the sources checked. In addition a note will be made of all items which could be of interest to you to have copied along with the charges for such copying. NO COPYING would be done until the correct fee plus the postage costs had been paid. The current fees are: 25¢ per page for paper to paper copies and 50¢ per page for micro-film to paper copies. Remember it takes as long to do a successful search as an unsuccessful search. Your chances for a successful search may depend on how accurately you are able to describe the search you wish to have done.

These searches are done by knowledgeable volunteers. Should you require a more indepth search done the Society can supply you with the names of volunteers who could do this work for you.

IGI SEARCH POLICY:

1. ONLY MEMBERS of the Saskatchewan Genealogical Society may search the IGI BUT only for their own genealogical purposes.
2. Those members who wish to use the IGI in person are charged a \$1.00 fee for each time they wish to search it. The Society will make prints of any of the material they wish at a cost of 25¢/page.
3. The Society offers a search service for those members who cannot do their own. For a fee of \$3.00 we will search up to five names provided a specific location is given. Included with this fee would be a print of five pages. Additional location searches are \$1.00 per name plus one print.

We will advise you on the numbers of pages available when they go beyond the limit and will attempt to estimate the postage costs. We require a surname, the given name AND a specific location. For example: we need a specific county for England and the Scandinavian countries; a state or province for the USA or Canada; a duchy for Germany unless it is after 1918. Ireland and Scotland do not require a county.

***There will be a \$1.00 search fee each time that we have to pull films. The reason for this is that the volunteer doing the work has to pay parking fees both at our library and the public library to do the printing and again when the films are returned to our library.

***For further information on the IGI consult: S.G.S. BULLETIN, Vol.15, No.1, 1984.

GRIFFITH VALUATION RESEARCH POLICY:

The Griffith Valuation Index and Valuations is the tax record or assessment of all households in Ireland during the years 1848-1864. These are valuable because the census records during this period were destroyed in a fire. The records list only the head of the household and describe the land being taxed with the amount of tax. The index lists surnames only so unless you know the county you will have a 20 county search. It is advisable to check in an Irish surname book to see which counties your surname is most commonly found. Surnames are listed by county, barony and parish which will need to be checked in turn. Spelling variations should be checked as well. The index also shows those who were there when the 11th was taken in 1824-38. This could suggest whether people of that surname were still there after the famine when the valuations were done.

Searches for MEMBERS ONLY will be \$1.00 per time for in-person searches and \$1.00 per surname per county for mail-in searches. For this dollar we would tell you if your surname is listed and in which baronies. There is a \$10.00 fee to search the records for your surname and christian name. This \$10.00 fee would cover the first two hours of research only. Should it take longer we would estimate the time and cost to continue as well as the costs for any printing you may wish to have done at 25¢ per page.

***These records can be of great value to those who know only that their family came from Ireland because unless you know a precise location you will be unable to use records from Ireland. However, the records do take time to check and the person checking is volunteering her/his time, but the Society pays parking fees for this volunteer. It is simpler if members do their own searches but the fee for out-of-town members is still inexpensive when considering the cost of getting to Regina, parking and meals.

For a more detailed account of the Griffith Valuation see: Saskatchewan Genealogical Society BULLETIN, Vol. 15, No. 1, 1984.

POLICY FOR USE OF THE INDIRECT PASSENGER SHIP INDEX AND LISTS:

There will be a \$1.00 per time charge for members to search these records in person, but the Society will also do searches for out-of-town members. The fee for this will be \$10.00 to check the Index and Lists. This will include up to 2 hours of searching. We will also advise on printing costs should we find your names on the List. Printing will cost 25¢ per copy. It takes two copies for each page of film.

The Lists generally give surname, christian name, all who travelled as one household with their ages, original home, state or country of origin, plus their destination in North America. All are written in German but are fairly easy to read.

For a more detailed description check our book: HAMBURG PASSENGER LISTS or the Saskatchewan Genealogical Society BULLETIN, Vol. 15, No. 4, 1984.
