ZION'S EVANGELICAL LUTHERAN CHURCH - MARRIAGES, 1860-1924

[Continued from Volume 14, Number 4, Page 119]

Abstracted from Parish Registers, Books 1 and 2
By Manfred Augenstein and Roger Anderson

Zion's Evangelical Lutheran Church was established in 1859 by a group of German immigrants. The records of this church from its founding to the present day are contained in parish registers, the original copies being retained by the present church, located at 74 First Street, Pittsfield, Massachusetts.

The list we are publishing here will contain only the names of the principals and the date of the marriage. The original records (in German script) often provide additional data, such as age, parentage, birthplace, and the names of witnesses. Copies of original records may be ordered from B.F.H.A. @ \$1.00 each.

Some of the queries received for this issue have employed abbreviations with which neither the Editor nor his associates are familiar. If the abbreviation is not one commonly seen in our published queries it should not be used. For this issue, the data linked to the unknown abbreviations has been excised so that the query does not realize its full potential. If uncertain about an abbreviation, do not abbreviate and the Editor will take care of it. Some of the more common abbreviations are:

THE BOOKSTALL

Review by J. Bradley Cooper

The Descendants of William White of Haverhill, Massachusetts by Daniel Appleton White and later additions by Annie Frances Richards, 1863, 1889. 1993 reprint, 97 pp, 5 $\frac{1}{4}$ x 8 $\frac{1}{4}$, illus., index, soft bound, \$15.00. Order from Heritage Books, Inc., 1540-E Pointer Ridge Place, Suite 300, Bowie, MD 20716

William White arrived in Ipswich in 1635 from England and in 1640 removed to Haverhill where he was one of the first settlers and one its first selectmen. Although he had but one child, son John, succeeding generations of ten to fourteen children soon developed a large family structure. In addition to the usual genealogical data there is a great deal of interesting family history included in the portrayal of many of the individuals, about 2000 in all. Female as well as male lines are pursued with the full names of the bride's or groom's father and mother, even to maiden names. Some of the related families are Adams, Bailey, Currier, Emerson, Gilman, Gorham, Hale, Merrill, Putnam, Saltonstall, Ward and over seventy more. There are around fifteen engravings of family portraits.

SOME SUGGESTIONS FOR WRITING QUERIES

1. Give the full name, including middle name or initial, of the person subject to enquiry.
2. Establish identity of the person by giving place and date of birth, place and date of death, parentage, place and date of marriage and identity of spouse to the extent these data are known, as:
John DOE b Hartford, CT 12 Jan 1900; d Fairfield, CT 19 Mar 1967 s/o Richard & Abigail (WESTON) DOE m Hartford 11 June 1923.
3. If unable to give a complete description of the person under enquiry, start with a son or daughter for whom more information might be available and ask for that person's ancestry.
4. Identify spouse in manner described in (2) above.
5. State what information is desired, as:
Need ancestors of John and Abigail.
6. Place the question at the end of the query.
7. Do not abbreviate the names of persons or towns.
8. For any locale outside Massachusetts, be sure to identify the state.
9. Dates should be written: day, month, year as: 13 Oct 1743.
10. Use multiple queries rather than several parts to the same query.
11. Queries should not exceed four or five lines and each should be printed or typed on a 3"X5" index card. One query per card.
12. Well-known abbreviations may be used but elaborate use of them is not required.
13. Address for reply should be stated on each card so that the Editor is not obliged to keep their envelope as well in order to have a complete record.
14. Acknowledge receipt of all replies and reimburse respondent for postage and the cost of any material copied. One should not be left out of pocket for having answered a call for help. If the submitted material is of little use, that is the risk assumed in transactions by correspondence.
15. When requesting information, always include a SASE.
16. Help your query editor judge the effectiveness of this section. If you make a contact that provides significant help with your search, won't you let us know?
