## DESCENDANTS OF SAMUEL SCRIPTURE

Compiled by Valerie Giorgi \*

Samuel Scripture born ca 1650 probably in England and died between 1720 and 1728 probably in Groton, Middlesex County, Massachusetts. Samuel married 11 September 1674 in Cambridge, Massachusetts<sup>1</sup> (7 July 1674, Cambridge, Suffolk County, Massachusetts<sup>2</sup>) Elizabeth Knapp, daughter of James and Elizabeth (Warren) Knapp. Elizabeth was born 21 February 1655, Watertown, Middlesex County, Massachusetts and died ca 1720, Groton, Massachusetts.

The first record of Samuel Scripture occurs in Vol. 2, page 87, of *Abstracts from Middlesex Court Records* wherein in April 1669 he testifies that he is aged 19 and servant to Samuel Davis. The next record is found on page 39 of *The Early Records of Groton, Massachusetts 1662-1707* edited by Samuel A. Green, M.D., Groton 1880, where "At a town meeting held the 23:6m:1671 It was agreed and by vote declared that Samuell Scriptur shal be an inhabitant amongst us and for his Incoridgment these men have given him some small grants of upland as followeth." The land totaled 10 acres and was given by eight of the early settlers.

Samuel was in Groton in 1671, Cambridge by 1674, Charlestown 1676, Concord 1677 and settled in Groton, Massachusetts by 1680.

The settlement of Cambridge was begun in the spring of 1631; first called "New-Town" inc. 1633 as New-Town, the name changed to Cambridge 1638; in 1642 Cambridge included "Menotomy" now Arlington, Cambridge Farms now Lexington, lands on the Shawshine now Billerica, and Nonantum later called New Cambridge now Newton<sup>3</sup>.

His first child, a son, Samuel, was born at Cambridge in 1675 (as recorded there) but his second, a daughter, Elizabeth was born at Concord in 1677 (as recorded there). This was because the town of Groton was destroyed by the Indians on 13 March 1676 and the inhabitants did not return until the spring of 1678. During part of this time he was fighting the Indians as in Volume 41, page 409, and Volume 43, page 277 of the *New England Historical and Genealogical Register* where he is mentioned as a soldier in King Phillip's War with Capt. Joseph Sill. (August 24, 1676 02 04 06). The manner in which payment of his account (01 15 06) was made 24 August 1676 would indicate that his family was then in Charlestown, Massachusetts. His next child is recorded at Groton in 1680 so he must have returned there soon after the town was re-settled.

*Records of the Court of Assistants of the Massachusetts Bay*, Volume I, page 53 mentions the name of Samuel Scripture as a witness in a trial in which several Indians were tried for murder of inhabitants of Lancaster, 21 September 1675.

In 1681 he was chosen Fence Viewer and Hog Constable, or to quote the record, "to veue the fancese anlok after the swine." His taxes that year were 9 shillings, 10 pence. In 1683 he was again Hog Constable and Viewer of Fences and in 1687 and 1688 a Surveyor.

The *New England Historical and Genealogical Register*, Volume 43, page 375, mentions him in the Garrison of West Regiment of Middlesex on 17 March 1691/2. In 1693 we find for the first time "Sr." attached to his name. The town (page 111 *Early*

*Records of Groton*) "did agree with Samuel Scriptor se...for rashonall satisfactiione.". He was apparently one of those who helped to bring up to Groton the family effects of their new minister, the Rev. Gersham Hobart."

Samuel Scriptor senior was on the town committee the 15 day of January 1710 to state the burying place and regulate highways. He witnessed an agreement January 23, 1710/11 regarding the curing place and signed with a reverse "S" mark<sup>4</sup>.

There are no epitaphs listed for any of the Scripture family so they probably are in unmarked graves<sup>5</sup>.

In 1694 Samuel's first deed is recorded. In 1695 he was chosen Constable and in 1699 a surveyor of highways. In 1704 he was chosen a Tithingman while his son Samuel Jr., was fence viewer. In 1706 he sold land to his son Samuel Scripture, Jr. and the deed was witnessed by John Scripture; and in the same year he and his wife Elizabeth joined in a deed to Moses Barron of land formerly of his father-in-law James Knapp.

In 1712 Samuel and Elizabeth jointly signed a deed to their son Samuel Scripture, and both Samuel and Elizabeth appear on deeds in 1714, 1715, 1716, and 1719. It would seem that his son John returned from Connecticut in 1719 and was deeded land by his father provided he would take care of his father and mother in their old age. Apparently in 1720 John decided he wanted to go back to Connecticut as there appears a complicated transaction in which the property first goes to two other sons-in-law, Eleazer Lawrence and Phineas Parker, and finally comes back to Samuel Scripture, Jr., provided he support his father and mother.

- (1) 1. Samuel Scripture born 4 October 1675, Cambridge, Massachusetts.

Abstracted from Parish Registers, Books 1 and 2  
By Manfred Augenstein and Roger Anderson

[Continued from Volume 15, Number 4, Page 136]

Zion's Evangelical Lutheran Church was established in 1859 by a group of German immigrants. The records of this church from its founding to the present day are contained in parish registers, the original copies being retained by the present church, located at 74 First Street, Pittsfield, Massachusetts.

The list we are publishing here will contain the name of the individual, the date of birth and date of baptism. The original records, (in German script) often provide additional data of the parentage, birthplace, and the name of witnesses. Copies of original records may be ordered from B.F.H.A. @ \$1.00 each.

## THE BOOKSTALL

Reviews by J. Bradley Cooper

*History of Hardwick, Massachusetts, With A Genealogical Register*, by Lucius R. Paige, 1883. Reprint, 571pp, softbound, 5½" X 8½" w/index. Price \$35.00 plus \$3.50 S/H. Accept Visa, MasterCard, Check or Money Order. Order from Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite #300, Bowie, MD 20716.

The historical background of Hardwick is covered in the first part of the book. This includes a detailed table of contents covering the events of Hardwick's history during the period around 1673 to 1877. The text covers details of geography, Indians, first settlement, founders and early officials of the town, churches and ministers, Revolutionary War activity, Shays' Rebellion and the War of 1812. There is a great deal of material relating to activity with the Tories and with Shays' Rebellion. Throughout this portion of the book are copious notes and citing of the sources of information.

The second part of the book is a 224 page Genealogical Register arranged alphabetically and including the names of the spouse(s), children and children's spouses. In addition, there may be additional data as to place of birth, occupation, character, personality traits and anecdotes as available. This portion on the book cites the sources from which much of the information was obtained as well as many explanatory notes.

The index is arranged alphabetically by surname, but is expanded to bring forth the names in the genealogical section which differ from the main entry. This permits the tracking down of female lines and maiden names of married women.

*The Mayflower Descendant*, Vol. 2, 1900. Reprint, 1994, 284pp, illus., index, hardcover (cloth). Price \$25.00

Include \$3.50 S/H per order. Accept Visa, MasterCard, Check or Money Order. Order from Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite #300, Bowie, MD 20716.

From 1899 until 1937 this periodical was published under the auspices of the Massachusetts Society of Mayflower Descendants. Under the editorship of George Ernest Bowman, an eminent genealogist of the period, thirty-four volumes of vital genealogical data were published. He also did much of the actual transcription of the records.

The contents of the magazines included essential data relating to the Mayflower passengers, their families and descendants for the first few generations. Included also are data on other immigrants who settled in many of the southeastern Massachusetts towns. The series contains extensive transcriptions of the original records, compiled genealogies and articles of historical

significance.

*Record of Deaths - Town of Ludlow, Vermont from 1790 to 1901 Inclusive.* Compiled by Rufus S. Warner, 1902. Enlarged reprint, 1995. 102pp, 8½" x 11", softbound, index. Price \$25.00 plus \$2.00 S/H. Order from Aceto Bookmen, 5721 Antietam Dr., Sarasota, FL 34231.

Probably the best review is to quote from the compiler's own introduction. "... the early records of the town were not kept very systematically. The list has been prepared as correctly as possible under the circumstances. ....In the early history of the town, it is probable that many deaths occurred that were not entered on any record, except the eternal, and many of their graves were without markers, to give any information as to who they were."

While the burial was in Ludlow, Vermont, many of the reported deaths took place elsewhere than in Ludlow. There are here reported 2613 deaths by years, from one in 1790 to forty-two in 1901. At the end of the work are some interesting observations on longevity during the period. The text is arranged chronologically but with an alphabetical index.

\* \* \*

*Branford, Connecticut Cemetery Records.* Compiled by Glenn Griswold, ca 1930. Reprinted and indexed by Charles D. Townsend, 1994. 33pp, velobound, 8½" x 11", index. Price \$5.00 plus \$2.00 S/H. Order from Aceto Bookmen, 5721 Antietam Dr., Sarasota, FL 34231.

This work covers four Branford, Connecticut cemeteries (Damascus, Mill Plain, Stony Creek and Bare Plain) and includes dates from about 1795 to 1934. The material is arranged alphabetically.

In all the years of publishing queries, this is only the THIRD member to have submitted a copy of a reply so that all of us could benefit from its additional information should it be relevant to our own searching. Even though one might not be interested in any of the data in the query, the reply might well supply additional material of relevance. For example: FULLER is the only name mentioned in this query. Lacking any apparent Fuller connection there may be no interest in the query. However, a need for either BUTTERWORTH or BERRY data would certainly make the response worth attention. Instead of having published data on but one family, material on three has now been made available to readers.

Without some indication of their effectiveness there is reason to wonder how useful queries really are. All query responses will be published with a credit line for the responder. If the material is voluminous or involves charts or diagrams, please submit a resumé of the essential elements.

## SOME SUGGESTIONS FOR WRITING QUERIES

1. Give the full name, including middle name or initial, of the person subject to enquiry.
2. Establish identity of the person by giving place and date of birth, place and date of death, parentage, place and date of marriage and identity of spouse to the extent these data are known, as:  
John DOE b Hartford, CT 12 Jan 1900; d Fairfield, CT 19 Mar 1967 s/o Richard & Abigail (WESTON) DOE m Hartford 11 June 1923.
3. If unable to give a complete description of the person under enquiry, start with a son or daughter for whom more information might be available and ask for that person's ancestry.
4. Identify spouse in manner described in (2) above.
5. State what information is desired, as:  
Need ancestors of John and Abigail.
6. Place the question at the end of the query.
7. Do not abbreviate the names of persons or towns.
8. For any locale outside Massachusetts, be sure to identify the state.
9. Dates should be written: day, month, year as: 13 Oct 1743.
10. Use multiple queries rather than several parts to the same query.
11. Queries should not exceed four or five lines and each should be printed or typed on a 3"x5" index card. One query per card.
12. Well-known abbreviations may be used but elaborate use of them is not required.
13. Address for reply should be stated on each card so that the Editor is not obliged to keep their envelope as well in order to have a complete record.
14. Acknowledge receipt of all replies and reimburse respondent for postage and the cost of any material copied. One should not be left out of pocket for having answered a call for help. If the submitted material is of little use, that is the risk assumed in transactions by correspondence.
15. When requesting information, always include a SASE.
16. Help your query editor judge the effectiveness of this section. If you make a contact that provides significant help with your search, won't you let us know?
