## PRESIDENT'S MESSAGE

It is with great pleasure that Saginaw welcomes Ms. Cathy O'Connell as its new director of the Public Library System. The members of the Saginaw Genealogical Society add their whole-hearted welcome. We look forward to working closely with her as we strive to improve and increase the holdings in the Eddy Collection and the Michigan Room. While on the topic of the Library, we should all take every opportunity to thank Peggy Lugthart and Anna Mae Maday for the effort they have put forth in our behalf. 'Thank You, Ladies' many times goes unspoken but is genuinely felt by us all.

The Saginaw Genealogical Society has recently purchased and donated to the Eddy Collection: (1) The Michigan Surname Index, Volume 1, compiled and published by the Michigan State Genealogical Council. (2) People of Ontario, 1600-1900, published by the Genealogical Research Library of London, Ontario.

We will again, this year, be offering our Beginning Workshop. It will be held Saturday, March 16th at the Hoyt Library under the chairmanship of Roy Allen. Watch your newsletter later this winter for more information on this project.

Work on the Seminar for April is progressing. Gertrude Peabody is again busy putting together an exciting and informative day for us. April 20th is the big day for this event, so start making your plans now. Angus Baxter, noted author and lecturer from Toronto, Canada, will speak on Scottish and English Research. Display materials from members will be needed to complement the speaker's topic. Use these slow winter days to look through your materials to find those artifacts and pieces of research which are always interesting to share with others. We need everyone's help to make the Seminar a success. Don't hesitate to volunteer!

Word has been received of the death of charter member, Mr. Lenard Zorn on January 7th. He, together with his wife, Ruth, made huge contributions to the preservation of genealogical materials in Saginaw as well as throughout the State. He and his wife were active members of the Saginaw Genealogical Society as well as the Michigan Genealogical Council. Their activism will be sorely missed. We extend our deepest sympathy to the Zorn family and friends at their loss and hope that we are able to carry on according to the example he set for us.

May the New Year find your 'trees' flourishing and your friendship abounding.

Alice Schiesswohl  
President

## Programs in Review

The regular meeting of 8 October 1984 featured Bernard Spencer of Bridgeport, speaking on Indians of the Great Lakes. An interest in Indians has sparked much interest in allied fields, such as history, archaeology, ect. Mr Spencer read a description of Indians of 1854, their housing and habits and customs. The pictures painted by different authors, vary as does their outlook on Indians. Bernie showed slides, which portrayed a different feeling than usually given and noted that as the glaciers, which had covered our area, retreated, Indians from further south gradually migrated north. A number of copper items came to this area, along with stone weapon tips and cutting tools. Mr Spencer also stated that weaving of cloth was also in vogue as early as 2500 B.C.

Charles and Genevieve Molenaar were the featured speaking team for the meeting of 12 November 1984. They had spent three months last summer researching in the Scaninavian, Dutch and English archives. Chuck illustrated his talk with numerous color slides of various interesting facets which he had encountered and noted that as the English language was spoken in most of the countries which they visited, they had little problem in that department. Along with the slides, he narrated stories of persons they met and added anecdotes to go along with the slides.

We are pained to state a serious accident which yesterday happened to Mr S.B. Knapp, one of our most respectable citizens and mechanics. While assisting in raising some of the uppermost timbers of the frame of Whitin's new mill, now being erected, he fell from the top of the frame- a distance of some twenty feet or upward on the timbers below, cutting an ugly gash in his side and otherwise bruising him. We understand that his physicians do no pronounce his wounds fatal, unless there should be internal injuries.

Another destructive fire took place on the morning of July 5, which burned the Irving House, store and warehouses of W L P Little & Co.; fire started in the roof of the kitchen and woodhouse of the Irving House and spread; all escaped from the hotel.

David Taylor, son of Mr. Charles Taylor of this place, engaged a hand in the planing mill of Messrs. Hoyt & Whitney, became entangled in the machinery and was crushed to death instantly-he was about 16 years of age and had lately been engaged in the machine. On the evening of the 3d inst., Hon. G. D. Williams' Mill at Saginaw City, was discovered to be in flames; prompt exertions of the citizens prevented the fire from spreading, but the mill was leveled. Loss estimated at \$9,000. The mill was said to be the oldest on the river, had lately been put in repair and was doing a good business.

Quite an excitement was created in this place early in the afternoon of Sunday last by the alarm of Fire, which was just breaking through the roof of the dwelling of Mrs Mead on Washington Street. The fire caught from a Stove Pipe passing through the ceiling in an upper room, but by the prompt exertions of citizens was quelled before great damage was done. With a slight delay, or lack of water, it would not have been possible to have saved the house. We learn that a young man by the name of Eastman, employed in the lumbering camps of B F Partridge, on the south branch of the Bad River, fell from a load of hay near that locality, on Thursday last, and coming in contact with one of the horse's heels, was so badly kicked that his life is despaired of.
